MEMORANDUM

DATE: For the June 10, 2020 Commission Meeting

TO: Members, Wisconsin Elections Commission

FROM: Meagan Wolfe
Administrator, Wisconsin Elections Commission

SUBJECT: Nomination Paper Challenge Procedure

Monday, June 1, 2020 was the deadline for filing nomination papers with the Wisconsin Elections Commission (WEC) for offices to be elected in the November 3, 2020 General Election. Invariably, once nomination papers are filed, challenges to those nomination papers are filed. The Commission will rule on these challenges at the June 10, 2020 meeting. Because the deadline for responses to any challenge is June 8, 2020 (June 7 is the actual deadline but it is a Sunday so it is moved to the next business day), the staff's recommendations regarding ballot access for challenged candidates may not be available until the Commission meeting or shortly before, depending upon how many challenges are filed. This memorandum outlines the procedures and standards used by the staff and Commission to evaluate and rule on challenges to nomination papers.

I. PROCEDURE

1. June 1, 2020 - Nomination papers must be filed not later than 5:00 p.m. for all nominations for the fall elections mandated by statute for November 3, 2020. Wis. Stat. § 8.15(1). WEC staff follows a standardized procedure for the intake, processing, and review of nomination papers, which is summarized in the attached "Candidate Ballot Access Procedures" document. Two different staff members conduct facial reviews of each set of nomination papers to determine whether the candidate has collected a sufficient number of valid signatures. The Nomination Paper Review Guidelines used by staff to conduct the facial review of petitions is also attached.
2. June 4, 2020 – Any correcting affidavits to rehabilitate signatures struck by staff or to provide additional information are due no later than 4:30 p.m. Wis. Admin. Code EL § 2.05(4). Challenges to nomination papers also must be filed not later than 4:30 p.m. on June 4. Wis. Admin. Code EL § 2.07(2)(a). A copy of the complaint will be delivered by the Commission's staff to the candidate whose papers are being challenged. *Id.* Staff also provides background memos to both the challenger and the challenged candidate to advise them of the procedures and summarize the legal standards for the challenge process, which are also attached.

- a. Challenges must be made by verified complaint and must establish probable cause that the paper or signature challenged does not comply with Wisconsin Statutes or the rules of the Wisconsin Elections Commission. (See annotation below.)
 - b. The challenge should be accompanied by affidavits or other relevant documentation. Any challenge which is not established by the materials submitted as of the deadline for challenge shall be denied.
3. June 8, 2020 - If received not later than 4:30 p.m., a written response to the challenge may be filed by the candidate. Wis. Admin. Code EL § 2.07(2)(b); Wis. Stat. § 990.001(4)(c). A written response should also be verified and should also be accompanied by affidavits or other documentation. *Id.* Just as the burden of establishing a challenge is placed upon the challenger, the burden of rebutting an established challenge is placed upon the candidate whose papers are challenged. Wis. Admin. Code EL § 2.07(3).
4. June 8-9, 2020 - WEC staff prepare a written report on the challenges and any available responses. To whatever extent necessary and possible, the Commission's staff will contact circulators, affiants, and other persons with personal knowledge of the circumstances under which the signatures were obtained. Given the time frame involved, staff verification will likely be limited to close cases.
5. June 10, 2020 - The Commission will meet to consider the challenges and responses and hear any oral presentations made by the challenger and/or challenged candidate. Attached is a copy of the relevant provisions of Wis. Stat. Ch. 8 governing nomination papers and nominations. Also attached are the Commission's administrative rules, Wis. Admin. Code EL §§ 2.05 and 2.07, governing treatment and sufficiency of nomination papers and challenges thereto.
6. If an incumbent officeholder does not file nomination papers and a declaration of candidacy form by the filing deadline, and also did not file a declaration of noncandidacy form by May 18, 2020, the filing deadline for all other candidates for that office is extended by 72 hours. The effect on the process and associated deadlines for any such offices is as follows:
 - a. June 4, 2020 - Nomination papers must be filed not later than 5:00 p.m.
 - b. June 8, 2020 - Challenges to nomination papers must be filed not later than 4:30 p.m.
 - c. June 11, 2020 – A written response to the challenge may be filed by the candidate not later than 4:30 p.m.
 - d. If necessary, the Commission will meet again to consider any cases with extended deadlines. If the Commission has sufficient information, or challenges are not filed, certification of the offices with an extended filing deadline may be decided at the June 10, 2020 meeting.

II. ADMINISTRATIVE HEARING

The June 10, 2020 meeting is the Commission's hearing to decide nomination paper challenge complaints. To maintain a clear record of the proceedings, Commission staff recommends that challenge complaints be handled on a case-by-case basis. As with past ballot access meetings, staff recommends that the Commission Chair announce each file and the Commission conduct a separate proceeding on each file, allowing the challenger, the challenged candidate and the staff to make an oral presentation on the challenge. Should a decision be appealed to circuit court, this procedure would help the Commission recall the facts and create a concise record of each case and the public comments at the time of the Commission's decision.

The Commission's rules do not specify the procedures that must be used for conducting a hearing on challenge complaints. Based on previous hearings for even-numbered year elections, the Commission staff recommends the following process for each individual hearing. 1) The Commission chair calls the file number, 2) the Commission staff presents details of the challenge, any response to the challenge and recommendations as to whether a challenge should be rejected or sustained, 3) Challenger is then allowed 5 minutes to provide additional information regarding the challenge and respond to Commission staff recommendations and Commissioners' questions, 4) Challenged candidate is then allowed 5 minutes to respond to challenge and Commission staff recommendations and Commissioners' questions, 5) Commission staff responds to questions or issues raised by challenger, challenged candidate and/or the Commission, and 6) Commission discusses the challenge and passes a motion ruling on the challenge.

III. ANNOTATION

As a general rule, the policy of the former State Elections Board and of the Government Accountability Board with respect to the nomination process has been to promote or facilitate candidate ballot access, not to find a justification for impeding that access, and the challenge procedure has been applied in that spirit. As much as possible, the selection and elimination of candidates is left for to the electorate to decide.

For the Commission to consider a challenge, the verified complaint must establish probable cause that a violation of election law has occurred. A complaint must allege facts which, if true, would constitute a failure to comply with Wisconsin's election (not campaign finance) statutes. The complaint must allege a violation of Wis. Stat. Ch. 8, the statutory chapter governing nominations to the general election ballot. The standard for compliance as set forth in the Commission's rules is substantial compliance, with the papers filed entitled to a presumption of validity.

Wisconsin Administrative Code – Chapter EL

EL 2.05 (4). Any information on a nomination paper is entitled to a presumption of validity. ...

EL 2.05 (5). Where any required item of information on a nomination paper incomplete, the filing officer shall accept the information as complete if there is substantial compliance with the law.

Consequently, any challenge must rebut the presumption of validity afforded the information on a nomination paper (under Wis. Stat. § 903.01), by clear and convincing evidence that “the nonexistence of the presumed fact is more probable than its existence.”

Challenges must be based on the personal knowledge of the complainant or of a person whose affidavit or sworn statement accompanies the challenge. As an example: a complaint challenging the eligibility of a signatory to a nomination paper based on the signer’s non-residency must be accompanied by reference to MyVote Wisconsin or “Who is My Legislator?” web searches, by a map of the district demonstrating that the address is outside the district, or by a signed statement from the election official, (municipal clerk or deputy clerk), whose responsibility it is to determine the residency of electors of the district. Without such references, the challenger’s bare assertion of the signer’s non-residency is not sufficient to sustain their burden of proof.

Challengers will be informed that new grounds for a challenge which are not raised in an initial complaint and which are raised after 4:30 p.m., Thursday, June 4, 2020, will not be considered by the Commission.

Challenge complaints are filed by delivering an original and a copy to the Wisconsin Elections Commission at its offices, pursuant to Wis. Admin. Code EL § 2.07, and by the Commission's staff delivering a copy to the respondent whose nomination papers are being challenged.

IV. CORRECTIONS TO NOMINATION PAPERS

Historically, the Government Accountability Board and its predecessor, the former State Elections Board, recognized that some deficiencies in nomination papers may be corrected by way of an affidavit from the circulator of the nomination paper. This is true whether the deficiencies were identified by staff review of the nomination paper or were identified by a challenge complaint filed prior to the deadline for the filing of correcting affidavits. Consequently, signatures which have been disallowed by the staff in its initial review of a nomination paper may have been “rehabilitated” by a correcting affidavit submitted after the deadline for filing nomination papers. Wis. Admin. Code EL § 2.05(4). Correcting affidavits must be received by the Commission “not later than three calendar days after the applicable statutory due date for the nomination papers.” *Id.*

It is important to note the complications which may arise because errors on nomination papers may be corrected during the same period that challenges to nomination papers are filed. Because deficiencies on nomination papers may be rehabilitated until the deadline for challenges, signatures stricken during staff review are **not** considered officially debarred until the rehabilitation deadline of June 4, 2020 and may still be susceptible to additional challenges on other grounds. Any challenges to signatures initially struck during the initial staff review also must be raised not later than 4:30 p.m. on Thursday, June 4, 2020, whether or not those papers or signatures have been corrected as of that time.

Court decisions have established a distinction between statutory requirements that are mandatory, such as filing deadlines for nomination papers and for challenges, and those that are directory and are evaluated on a substantial compliance basis, such as the sufficiency of information included on nomination papers.

Errors that may be corrected:

a.) Elector errors:

- i. The elector wrote in a date other than the one on which he/she signed, wrote an incomplete date, or left the box for the date blank.
- ii. The elector used an address which does not reflect his actual residence or wrote an incomplete address.
- iii. The elector wrote in a municipality which does not reflect his actual residence.
- iv. The elector failed to include a legible printed name with the signature.

The elector or circulator may correct the first three errors listed above, but only the elector may correct the fourth error listed, except the elector may request assistance in both printing their name and completing an affidavit to correct the failure to include a legible printed name.

b.) Certificate of Circulator errors:

The circulator failed to sign or otherwise complete the certificate or entered inadvertently erroneous data (for instance: the circulator dated the certificate before circulation, not after). Errors in the Certificate of Circulator must be corrected by the circulator.

Errors that may not be corrected:

- a.) Signatures may not be added to nomination papers after the filing deadline and may not be added to a particular page after the certificate of circulator has been executed. (However, the date of certification may be corrected – see above.)
- b.) None of the information in the heading of the nomination paper, (i.e., candidate's name, candidate's address, political party represented, date of election, office sought, name of jurisdiction or district in which candidate seeks office), may be altered, amended, or added after circulation of the nomination paper. This is the nomination information that each signatory saw and relied upon in deciding to sign the paper.
- c.) The date of signing may not be changed to a date other than the one on which the signatory actually signed; nor may any other signatory information be changed from that which was correct at the time the signatory signed.

Introduction

Throughout Wisconsin, nomination papers and associated ballot access documents are the primary way for candidates to get their name on the ballot when seeking elected office. Following correct procedure when obtaining and submitting nomination paper signatures is crucial to ensure ballot placement for a candidate. Based on current election law, WEC staff has worked to aide candidates with guidance documents and direct candidate contact via phone and email.

Understandably, questions remain. This manual is meant to serve as a resource for both clerks and candidates who may have questions related to the ballot access process.

Candidate Eligibility

Anyone who is giving consideration to becoming a candidate for elected office should be aware of the candidate eligibility requirements for that office. Every public office has its own conditions for candidate age, residency, and other special requirements. Eligibility requirements are codified in federal and state law, with the requirements of each office governed by the U.S. Constitution, Wisconsin Constitution, or Wisconsin State Statute. Questions on candidate eligibility for a specific office can be directed to the filing officer for that office.

In accordance with Article XIII, Section 3(2),(3) of the Wisconsin State Constitution, no person may hold any state or local elected office in Wisconsin if the person has been convicted of a felony in any court in the United States unless they have been pardoned of the conviction. Additionally, no person may have their name placed on the ballot for any state or local elected office in Wisconsin if they have been convicted of a felony in any court in the United States, unless they have been pardoned of the conviction. Candidates for federal office are not excluded from running due to a previous felony conviction.

Filing Officer

The filing officer is the person to whom candidates submit their ballot access documents. These documents include nomination papers, declaration of candidacy, campaign registration statement, and, for state office and some local offices, a statement of economic interest. The level of government in which the candidate is seeking office determines who the filing officer will be.

For federal and state level office, the Wisconsin Elections Commission is the appropriate filing officer for nomination papers and declarations of candidacy. Wis. Stat. §§ 8.10(6)(a), 8.15(8)(a), 8.20(7). Campaign registration statements and statements of economic interest for state level office must be filed with the Wisconsin Ethics Commission. Candidates for county office should file their ballot access documents with the county clerk. Wis. Stat. §§ 8.10(6)(b), 8.15(8)(b), 8.20(7). Local offices in a city, village, or town use the municipal clerk for a filing officer. Wis. Stat. §§ 8.05(3), 8.05(4)(b), 8.10(6)(c). Finally, if seeking a school board seat, candidates file documents with the school district clerk. Wis. Stat. § 8.10(6)(d). Nomination papers are required to be submitted by the first Tuesday in January for spring elections. Wis. Stat. § 8.10(2)(a). June 1 is the filing deadline for November elections. Wis. Stat. § 8.15(1). Special election filing deadlines are dependent on the date that the special election is announced. Wis. Stat. § 8.50.

Ballot Access Checklists

In an effort to make the nomination process as seamless as possible, WEC offers candidates a ballot access checklist for each election. Ballot access checklists detail all steps required in order to become an official candidate for office. Candidates are provided with information on the forms required to be submitted to gain ballot access, the required number of nomination paper signatures needed per office, and all relevant deadlines for submission. The checklists are separated into categories, each delineated with the prefix 'ELIS'. Below are four examples of checklists available for candidates. Others for county, federal, and additional state offices can be found on the WEC website.

ELIS-01

ELIS-01 is a checklist for state level non-partisan candidates to be elected at a spring election. Candidates for office who would use this checklist include Circuit Court Judges, Appeals Court Judges, and Justice of the Wisconsin Supreme Court. The filing officer for these offices is the Wisconsin Elections Commission.

ELIS-05

ELIS-05 is a checklist for school district offices. Candidates for school board throughout the state of Wisconsin can utilize this checklist throughout the process. School district clerks serve as the filing officer for school board seats and any other elected district office.

ELIS-07

ELIS-07 serves as a checklist for municipal candidates in towns, villages, and cities where nomination papers are used. Anyone running for the offices of town or village board, city council, municipal clerk, or other elected municipal office can reference this checklist. These offices are nonpartisan and elected in a spring election. For municipal offices, the municipal clerk acts as the filing officer. In towns where the caucus system is used in place of nomination papers, candidates can contact their town clerk, the WEC or consult the caucus manual here: <https://elections.wi.gov/publications/manuals/caucus>.

ELIS-09

ELIS-09 is a ballot access checklist for candidates seeking state legislative office. This checklist is used by candidates for seats in the State Assembly or State Senate. WEC is the filing officer for these candidates.

Required Filings

Candidates for elected office in Wisconsin are required to submit certain forms and documents in order for their name to appear on the ballot. These are called ballot access documents. It is crucial for candidates to submit their ballot access documents to the correct filing officer. If documents are given to the incorrect filing officer, there is no guarantee that they will be forwarded to the intended recipient in time to meet filing deadlines. For example, if a school board candidate mails

their declaration of candidacy to the municipal clerk on the day of the filing deadline, that clerk may be unable or unwilling to forward the document to the school district. Court decisions have determined that ballot access documents filed with the incorrect filing officer are not sufficient to qualify for ballot access.

There are four primary documents that must be filed by the deadline for a candidate to gain a place on the ballot.

Declaration of Candidacy (EL-162)

Wis. Stat. § 8.21

The declaration of candidacy provides important candidate information to the filing officer. When filling out a declaration of candidacy, candidates are required to include their name, home address, their name as it will appear on the ballot, and the office for which they are a candidate. Please note that titles such as PhD, MD, etc. are not allowed in the name on ballot section. The name of the office being sought must be accurate and include any district, branch, or seat number, if applicable.

Prior to, or at the time of, submitting a declaration of candidacy to the filing officer, candidates must get the form notarized. When the candidate is ready to submit the declaration of candidacy, the original physical copy is hand-delivered or sent to the correct filing officer. An electronic copy of the form is acceptable only if it is followed by the physical copy and received by the filing officer on or prior to the date of the filing deadline. If any candidate information changes throughout the election period, such as a name or address change, the declaration can be amended by contacting the filing officer and submitting an amended form.

Nomination Papers (EL-168, EL-169)

Wis. Stat. § 8.10(2), (3), Wis. Stat. § 8.15, Wis. Admin Code § EL 2.05

With the exception of locations where caucuses are held and some school board candidates, all candidates seeking elected office in Wisconsin must submit nomination papers as part of the ballot access process. School board candidates should confirm with their school board clerk or administrative office to determine whether nomination papers are required. To successfully complete nomination papers, candidates circulate signature petitions and collect a specific number of signatures, as required by law, from qualified electors residing in the jurisdiction or district they wish to serve. The period of circulation for an April election begins on December 1 and ends on the first Tuesday in January. For November general elections the circulation period is from April 15 to June 1.

Number of Signatures Required

Depending on the level of office, from municipal to federal, the minimum number of signatures required varies widely from 20-2,000. Please see below for examples

of signature requirements for candidates in several offices. For information on a specific office not listed below, reference the appropriate ELIS checklist on the WEC website.

2,000-4,000:

Statewide Constitutional Offices (Wis. Stat. § 8.15(6)(a))

United States Senator (Wis. Stat. § 8.15(6)(a))

Justice of the Wisconsin Supreme Court (Wis. Stat. § 8.10(3)(a))

1,000-2,000:

Representative in Congress (Wis. Stat. § 8.15(6)(b))

Court of Appeals Judge (Wis. Stat. § 8.10(3)(am))

Circuit Court Judge (Milwaukee) (Wis. Stat. § 8.10(3)(c))

400-800:

State Senator (Wis. Stat. § 8.15(6)(c))

500-1,000

**District Attorney-County population over 100,000
(Wis. Stat. § 8.15(6)(dm))**

200-400:

Representative to the Assembly (Wis. Stat. § 8.15(6)(d))

Circuit Court Judge (Wis. Stat. § 8.10(3)(b))

**District Attorney-County population of 100,000 or less
(Wis. Stat. § 8.15(6)(dm))**

Filling out the Header

The top portion of the nomination paper form, or the header, is where candidates enter information relevant to themselves, the election at which they will be a candidate, and the office they seek. Correctly filling out the top three lines of the nomination paper form is one of the most important things a candidate can do. If any of the boxes in the header are filled out incorrectly, electors might not be provided with all candidate and election information as required by law. A header that is incorrectly filled out also presents the possibility of challenges being issued to the validity of those nomination papers, resulting in the disqualification of all signatures on those pages.

Candidate Name

In the candidate's name field, the candidate should enter their full name as it will appear on the ballot. As with the declaration of candidacy, titles such as Mr., Mrs.,

Dr., PhD, etc., are not allowed. Nicknames are acceptable so long as the nickname has nothing to do with any sort of campaign stance and no quotation marks are used. For example, Peter “Maverick” Mitchell is not allowed because of the quotation marks. Likewise, Andre High Speed Rail Johnson is unacceptable due to the campaign stance taken. However, Reginald Red Forman would be allowed since the nickname has no quotes and no political views expressed.

Candidate Address

Candidates must list their residential address and their municipality of residence for voting purposes. If the candidate has a mailing address that is different than their residential address, this needs to be added as well. In the event that a candidate changes addresses during the nomination paper circulation period; the candidate should use nomination papers with that new address beginning on the first day they live there. Any nomination papers that were circulated when living at a previous address are considered valid, since the candidate resided at that address at the time of circulation.

Election Information

There are two boxes in the nomination paper header that provide for information specifically related to the election, the type of election and the election date. Type of election is a checkbox that is completed by the candidate. Options in this field include general, spring, and special. Candidates for nonpartisan office elected at the April spring election should choose “spring”. Candidates who are seeking partisan office found on the ballot at the November general election should check “general”. Any election that occurs outside of those normally scheduled or as the result of a vacancy should check “special”. The date of election should always be listed as the date of the final election, not the primary, even if a primary is expected.

Party Affiliation

Candidates for partisan office put the name of the party with which they are affiliated in this box. Candidates may choose from recognized political parties such as Constitution, Democrat, or Republican. A candidate who does not wish to be affiliated with any recognized political party may place a statement of principle in this box. A statement of principle is limited to five words. It may contain relevant information to a platform that the candidate will take such as “Seatbelts Save Lives”. A statement of principle may not include the name, in whole or in part, of a currently recognized political party. The party affiliation box is listed only on nomination papers for partisan office (EL-168). Any candidates seeking nonpartisan office do not need to list a party affiliation.

Title of Office

The title of office should be listed as the proper, formal name of the office being sought by the candidate. Abbreviations or colloquialisms are not recommended as the full title of the office should be listed. Examples include: Representative in Congress, Representative to the Assembly, United States Senator, State Senator, Circuit Court Judge, Town Board Chair, School Board Member, etc. Any questions related to the title of a specific office can be directed to the filing officer or WEC.

District or Jurisdiction

For certain offices, a district number or jurisdiction name is required. State Assembly and State Senate and other district numbers should be listed here. Any office with a specific jurisdiction, such as a Circuit Court Judge or a numbered school board seat should also be listed here. The final box of the header requires candidates to list the name of jurisdiction in proper format such as Madison Metropolitan School District, Assembly District 68, or Congressional District 7.

Nomination Paper Signature Lines

Qualified electors who support the candidacy of the person seeking office complete the signature lines of the nomination papers. Electors complete their portion of the nomination paper by providing their signature, printed name, residential address, municipality of residence, and the date on which they signed. An elector's address cannot be a P.O. Box. It must be their physical street address. Each elector is only allowed to sign nomination papers for one candidate per office. If an elector may vote for more than one candidate for the same office, they may sign nomination papers for as many candidates for the same office as the person is entitled to vote for at the election. EL 2.05(11). Nomination paper circulators should closely observe the signing process to ensure that each elector correctly provides all required information. Signature lines that are filled out incorrectly or are missing required information are often subject to challenge.

Certification of Circulator

After each page has been completed, the person responsible for its circulation must sign the certification of circulator at the bottom. The circulator must complete a certification for each page they circulate. A successfully completed certification will include the circulator's name, address, the date on which the page was completed, and their signature. The circulator's address must list their street number, street name, and municipality. Anyone acting as a circulator for nomination papers must meet the standards of a qualified elector, though circulators do not need to be residents of the district in which the candidate seeks office. Circulators are allowed to gather nomination paper signatures for only one

candidate per office in each election. If a circulator collects signatures on nomination papers for more than one candidate, the earlier papers are valid, and the later papers are invalid. Wis. Stat. § 8.04. Candidates are not required to circulate their own nomination papers but may do so if they wish. Please note that signatures gathered after the Certification of Circulator section has been signed and dated may not be counted during the nomination review process.

Campaign Registration Statement (CF-1)

Wis. Stat. § 11.0202(1)(a), Wis. Stat. §§ 8.10(5), 8.15(4)(b), 8.20(6)

A campaign registration statement is required to be filed with the Wisconsin Ethics Commission for state offices, and this form is filed online. For local offices, the statement must be filed with the appropriate filing officer. For questions related to the CF-1 or campaign finance, please contact the Wisconsin Ethics Commission at 608-266-8123 or the local filing officer.

Statement of Economic Interest (SEI)

Wis. Stat. § 19.43(4), Wis. Stat. §§ 8.10(5), 8.15(4)(b), 8.20(6)

For some state and local level offices candidates must file a statement of economic interest. Where applicable, this form is filed online with the Wisconsin Ethics Commission or the appropriate filing officer. For questions related to a Statement of Economic Interest, please contact the Wisconsin Ethics Commission at 608-266-8123.

Tips for Successful Circulation

1. **Circulators and Circulating:** Circulators are allowed to gather nomination paper signatures for only one candidate per office in each election. Wis. Stat. § 8.04. Nomination papers must be personally circulated by the circulator who signs each page. The circulator must witness the signature and nomination paper pages may not be left unattended in a public place for people to sign. This means that circulators may not leave them on the table in a break room, posted on a bulletin board, sitting on the bar at a local watering hole, etc. Wis. Stat. § 8.15(4)(a).
2. **Templates:** It is always recommended that candidates use a template which has the header properly completed for their nomination papers. Using a template ensures that all circulators will have identical sheets for collecting signatures. This can help clear up any issues that may be experienced if circulators were to be responsible for completing the header of the pages where the circulator may not use the correct nomination paper document or may incorrectly detail candidate information. Templates can and should be submitted to the filing officer prior to circulation to be reviewed for any errors.
3. **Number of Signatures:** WEC advises that candidates and circulators collect signatures

totaling well over the minimum number required for ballot placement. This presents the candidate with a buffer of signatures, should any individual signatures be deemed insufficient by the filing officer and protects against signatures being successfully challenged.

4. **Preparing to File:** Candidates should also ensure that each page has all of the required information completed prior to submission to the filing officer. A thorough review of the papers can quickly determine if any of the signatures need correction or if the circulator information is filled out improperly. Number the pages consecutively.

Reviewing all nomination paper pages also gives the candidate an opportunity to organize the petition prior to submission. Candidates should number every page and place pages with the highest number of “good” signatures on top of the stack. Partial pages should be placed toward the back. When submitting nomination papers to the filing officer, have a general estimate of the number of signatures contained on all pages.

What Happens Next?

Determining Sufficiency

Wis. Admin Code § EL 2.05

After candidates submit their nomination papers to the correct filing officer, they will be reviewed for sufficiency. The filing officer will review all headers, signatures, and circulator information to determine a final count of sufficient signatures. In their review, the filing officer will examine addresses and municipalities to ensure that they are in district. Filing officers also confirm that all dates written by signers are both within the circulation period and prior to or on the date which the circulator signed the certification. Signatures that are deemed insufficient are struck and deducted from the total number of signatures submitted. Any insufficiencies, such as incorrectly dated signatures or inaccurate circulator information can be corrected with a correcting affidavit for up to 3 days after the filing deadline. Wis. Admin. Code § EL 2.05(4)

Some reasons signatures may be deemed insufficient by a filing officer include:

- Missing or incomplete dates of signers
- Illegible information required by statute
- Signers live out of district
- Incomplete address information of signer
- Missing circulator information
- Pages or signatures dated after the Certification of Circulator
- Missing or incorrect information in the header

Challenges to Nomination Papers

Wis. Admin Code § EL 2.07

Within three days of the deadline for filing nomination papers, those papers may be challenged with the filing officer. Challenges often come from other candidates but may come from interested individuals or groups outside the district of a specific election. The goal of a nomination paper challenge, generally speaking, is to deduct signatures from a competing candidate's total count. Challenges must be in the form of a notarized document with pertinent information attached reflecting the reason for the challenge. If applicable, individual signature lines and the specific information being challenged should be itemized and included as part of the challenge documentation.

When a challenge is received by the filing officer, the challenged candidate is notified of the challenge within 24 hours. Challenged candidates then have 3 calendar days from the date the challenge was filed to respond to any challenge. Once all documentation is received from both the challenging party and challenged candidate, the filing officer has sole discretion to determine the merits of the challenge(s). The filing officer will make determinations to individual signature lines being challenged so it is possible for challenges to be partially successful but not result in disqualifying enough signatures to remove the challenged candidate from the ballot.

If the challenge is accepted, the filing officer deducts any signatures or pages related to the challenge from the challenged candidate's final count. If the challenge is not accepted, no further action is taken by the filing officer. Challenges may be appealed to the Wisconsin Elections Commission in the form of a verified complaint related to the initial filing officer's decision. Elections Commission decisions can be appealed to a Circuit Court within thirty days. More information on challenges can be found in the WEC Common Challenges Manual (<https://elections.wi.gov/publications/manuals/common-nomination-paper-challenges>).

Some common reasons for challenges include:

- Election date
- Title of office
- Candidate address
- Circulator date and signature
- Multiple signatures from a single person
- Signer address out of district
- Date of signature

Please note that the periods for filing correcting affidavits and challenges run at the same time. Candidates and challengers cannot assume that the initial number of signatures accepted as valid will remain the same until all correcting affidavits and challenges are processed. In order for candidates to avoid challenges and for challengers to determine which challenges are likely to be upheld or rejected, the WEC encourages both candidates and potential challengers to review the

Frequently Asked Questions

What is a filing officer?

The filing officer is the person to whom ballot access documents are submitted.

Wisconsin Elections Commission: Nomination Paper Review Guidelines

Process Overview

- Use a red pen to mark up the petition during the review process.
- Circle any piece of information on the petition page that is missing or problematic.
- Make a red check to the right of the row to indicate a signature should not be counted.
- Make a red question mark (?) to note questionable signatures that have been counted or to note omitted information on signature line where that signature is still able to be counted.
- Write the number of signatures counted on the upper, right-hand corner of each sheet.

Step 1: Review the Header

Overview: The header of each petition page must contain all the required candidate information. If any of the required information is missing, or incorrect, no signatures on that page can be counted.

Required information:

1. Name of candidate
2. Residential address of candidate
 - a. Street number and street name (P.O. box addresses are not acceptable)
 - b. Municipality for voting purposes
 - c. State
3. Type of election
4. Election date
5. Title of office sought
6. Branch, district or seat number of office sought (if applicable)
7. Name of district in which candidate seeks office

Other information:

1. Mailing address (only required if different than residential address or voting municipality)
2. Zip code (may be present but not required)

Step 2: Review the Certification of Circulator

Overview: The Certification of Circulator section is completed after the signatures on that page have been collected. Each petition page must contain all the required circulator information, the circulator's signature and a certification date that is on or

after the latest date of a signer. If any of the required information is missing or incorrect, no signatures on that page may be counted. If missing circulator information can be determined from another section of the petition page, the signatures on that page should be counted. Most often this occurs when a circulator is also the candidate or has signed that page as an eligible elector.

Residency of Circulator: The circulator does not need to reside in the district represented by the candidate, nor do they need to be a resident of Wisconsin. All circulators must be otherwise eligible to register to vote in Wisconsin (18 years of age, U.S. citizen, not serving any portion of a sentence for a felony offense). They do not need to be registered to vote in Wisconsin or any other state to circulate nomination papers.

Required information:

1. Name of circulator - Signatures on the page should be counted if the circulator printed their name on the line meant for their signature.
2. Address of circulator
 - a. Street number, street name and municipality - If missing circulator address, including municipality, can be determined from another section of the petition page, the signatures on that page should be counted.
 - b. State and zip code are not required.
3. Date (month/day/year) – All signatures must be dated within the circulation period. No signatures should be counted on a page where any portion of the date is missing.
4. Signature of circulator – Signatures on the page should be counted if the circulator signed on the line that should have the printed name.

Step 3: Review the Body of the Petition

Required information:

1. Signature of elector
 - a. Signature does not need be legible.
 - b. Electors may sign with an "X" or other mark if that is their usual signature.
 - c. Signature does not need to be cursive.
2. Printed name of elector
 - a. A printed name must be present in addition to the signature of the elector.
 - b. If a possible printed name can be determined, the signature should be counted.

- c. If a printed name cannot be determined, the signature should be struck from the petition.
- 3. Residential Address
 - a. Street name and street number or rural route are required.
 - b. Rural address must also include box or fire number.
 - c. P.O. boxes are only allowed if they are listed in addition to the residential address information. Signatures where only a P.O. box has been provided should be counted if the municipality of residence is entirely in the district. Mark with a question mark.
 - d. Ditto marks are allowed if they follow a valid address and the signer is using those marks to indicate they also reside at that address.
 - e. If all or part of the required address information of a signer is missing but residency can be determined by information found in another section of that specific petition page, that signature should be counted. This generally occurs when the signer is also the candidate and/or the circulator and the missing information is in the header or the certification section. Indicate on the petition page where that information is located.
- 4. Municipality of Residence
 - a. Municipality listed must be within the district represented by the candidate.
 - b. Abbreviations are allowed (e.g. "FDL" for Fond Du Lac or "Milw" for Milwaukee).
 - c. Ditto marks are allowed if they follow a valid municipality and the signer is using those marks to indicate they also reside in the municipality.
 - d. The Town/Village/City check box does not need to be checked.
 - e. If the municipality of residence was provided in the Residential Address field, the signature should be counted.
 - f. If the municipality information of a signer is missing but residency can be determined by information found in another section of that specific petition page (most likely in the header or the Certification of Circulator), that signature should be counted. Indicate on the petition page where that information is located.
- 5. Date of Signing
 - a. A complete date includes the month/date/year.
 - b. Date must be within the circulation period.
 - c. Date must be on or before the date the page was certified by the circulator.

- d. Ditto marks are allowed if they follow a valid date and the signer is using those marks to indicate they also signed on the same date. If ditto marks are used for the date of the last signer, the signature can be counted if it follows a valid date.
- e. A missing date can be bracketed ([]) if valid and complete dates appear on the line above and the line below the signature line with the missing date.
- f. If the date of the first or last signer is incomplete, it cannot be bracketed, and that signature should not be counted.

Step 4: Count the Signatures

- 1. Sort the petition by the number of valid signatures on each page before determining the final number of valid signatures.
- 2. Place the pages with 10 counted signatures on top, followed by the pages with 9, etc.
- 3. Use a tally sheet or calculator to determine the number of valid signatures on the petition.
- 4. Determine if the number of valid signatures is sufficient for the office sought. Use the appropriate Ballot Access Checklist to determine the signature threshold for the office sought:
 - a. County Non-partisan Candidates ELIS-3
 - b. School District Candidates ELIS-5
 - c. Municipal Candidates ELIS-7
 - d. County Partisan Candidates ELIS-16
 - e. Multi-jurisdictional Judge Candidates ELIS-18

MEMORANDUM

TO: Challengers to Nomination papers and other Interested Parties
2020 General Election

FROM: Nathan W. Judnic, Attorney/Senior Election Specialist

DATE: June 1, 2020

SUBJECT: Filing Challenges to Nomination Papers

This memorandum provides information to persons who are considering filing a challenge to the nomination papers of a candidate whose papers are required to be filed with the Wisconsin Elections Commission.

The Commission recommends reviewing the published manual titled “Common Nomination Paper Challenges” prior to filing a challenge. The manual generally outlines the challenge process, but also includes prior Commission decisions on common challenges. This manual can be found here:

<http://elections.wi.gov/publications/manuals/common-nomination-paper-challenges>

All challenges to nomination papers filed with the Wisconsin Elections Commission for the 2020 General Election will be considered and determined by the Commission at its June 10, 2020 meeting. The Commission’s **meeting on June 10, 2020 will begin at 10:00 a.m.** (or as soon thereafter as a quorum is obtained) and is scheduled to be a teleconference/videoconference only via Zoom Meeting.

Challengers should familiarize themselves with the requirements of Wisconsin Statutes Chapter 8, the statutory chapter governing nomination papers and nominations. In addition, administrative rules further explain requirements of nomination papers and the challenge procedure, which can be found in the Wisconsin Administrative Code EL §§ 2.05 - 2.07. Wis. Admin. Code EL §§ 2.05 - 2.07 are the rules governing the treatment and sufficiency of nomination papers and challenges to nomination papers.

Wis. Admin. Code EL § 2.05 sets forth the standards for determining whether nomination papers comply with Wis. Stat. Ch.8 and Wis. Admin. Code EL § 2.07 sets forth the basis for challenges to those nomination papers. Both Wis. Admin. Code EL §§ 2.05 and 2.07 are rules attempting to interpret and clarify statutes; they are not statutes themselves. Because Wis. Admin. Code EL §

2.05(4) provides that "[a]ny information on a nomination paper is entitled to a presumption of validity," any challenge to that information bears the burden of rebutting that presumption.

Complaints challenging nomination papers are filed by complying with Wis. Admin. Code EL § 2.07(2)(a) of the Wisconsin Administrative Code, which reads as follows:

*(a) Any challenge to the sufficiency of a nomination paper shall be made by verified complaint, filed with the appropriate filing officer. **The complainant shall file both an original and a copy of the challenge at the time of filing the complaint.** Notwithstanding any other provision of this chapter, the failure of the complainant to provide the filing officer with a copy of the challenge complaint will not invalidate the challenge complaint. **The filing officer shall make arrangements to have a copy of the challenge delivered to the challenged candidate within 24 hours of the filing of the challenge complaint.** The filing officer may impose a fee for the cost of photocopying the challenge and for the cost of delivery of the challenge to the respondent. The form of the complaint and its filing shall comply with the requirements of ch. EL 20. Any challenge to the sufficiency of a nomination paper shall be filed within 3 calendar days after the filing deadline for the challenged nomination papers. The challenge shall be established by affidavit, or other supporting evidence, demonstrating a failure to comply with statutory or other legal requirements.*

2020 DEADLINES¹

For the 2020 General Election, the schedule for filing nomination papers and determining their validity and the validity of a challenge to them is as follows:

1. **June 1, 2020** - Nomination papers must be filed not later than 5:00 p.m., (Wis. Stat. § 8.15(1)), for all nominations for the Partisan Primary (offices to be elected at the November General Election).
2. **June 4, 2020** - Challenges to nomination papers must be filed not later than 4:30 p.m. (Wis. Admin. Code EL § 2.07). **The verified complaint must be delivered to the Commission at its offices at 212 E. Washington Avenue, 3rd Floor, Madison, Wisconsin, 53703, or preferably emailed to: elections@wi.gov not later than the prescribed time.**
 - a. Challenges must be made by verified complaint and must establish probable cause to believe that the paper or signature challenged does not comply with Wisconsin Statutes or the rules of the Wisconsin Elections Commission. (See discussion below.)

¹ Please be aware that, under Wis. Stat. § 8.15(1), Stats., for any office for which the incumbent has failed to file a Notification of Non-candidacy and has also failed to file nomination papers and a declaration of candidacy, a 72-hour extension of the time in which to file nomination papers and a declaration of candidacy for that office will be granted to any person other than the incumbent. Therefore, the deadlines set forth in this Memorandum do not apply in such circumstances and any challenges to nomination papers filed pursuant to that extension will be resolved on a case-by-case basis.

- b. The challenge should be accompanied by affidavits or other relevant documentation. Any challenge which is not established by the materials submitted as of the deadline for challenges will be denied.

3. **3 Days After Challenge Filed (June 8, 2020 is the Response Deadline if the Challenge is filed on June 4, 2020)** – A challenged candidate may file a written response not later than 3 days after the challenge has been filed. If the deadline falls on a Sunday, then the response may be filed on the following day. They may also appear before the Commission in person to respond to the challenge. A written response should be verified and should also be accompanied by affidavits or other documentation. Just as the burden of establishing a challenge is placed upon the challenger, the burden of rebutting an established challenge is placed upon the candidate whose papers are challenged.

4. **June 8-9, 2020** - The Commission's staff will prepare a written report on the challenges and any available responses. To whatever extent possible, the Commission's staff will contact circulators, affiants and other persons with personal knowledge of the circumstances under which the signatures were obtained. Given the time frame involved, however, staff verification will probably be limited to close cases, if at all.

5. **June 10, 2020** - The Commission will meet to consider the challenges, responses and hear any oral presentations by the Commission staff, challengers, and candidates. The Commission's **meeting on June 10, 2020 will begin at 10:00 a.m.** (or as soon thereafter as a quorum is obtained) and is scheduled to be a teleconference/videoconference via Zoom Meeting.

Both the challenger and the candidate may appear before the Commissioner and/or by representation, and be heard on the challenge – whether or not the candidate has filed a written response to the challenge. The challenger and the candidate will each receive 5 minutes for his or her presentation to the Commission. Details on how to appear via Zoom Meeting will be provided if you choose to file a challenge.

DISCUSSION

All challenges to nomination papers must be in the form of a verified complaint. Any challenge which is not in the form of a verified complaint will not be considered by the Commission and will be returned to the complainant by the Commission's staff. A verified complaint is a complaint that the complainant swears, under oath, is true based on the personal knowledge or information and belief of the complainant. The oath must be sworn to before a notary or other person authorized to administer oaths.

Nomination paper challenge complaints should also follow the methodology provided below:

All challenges must refer to the nomination paper page number as shown on the nomination papers filed with the WEC for each nomination paper, any part of which is challenged. If a nomination paper page does not have a page number, contact the Commission's staff to establish a number for that page. (For instance: John Smith. Page 1 or Tom Jones Pages 3-12 and 15-23, etc.)

To be considered by the Commission, a complaint/challenge must establish probable cause to believe that a violation of election law has occurred. The "probable cause" requirement means

that a complaint must allege facts, which, if true, would constitute a violation of Wisconsin's elections (not campaign finance) statutes. In the case of challenges to nomination papers, the complaint must allege a violation of Wis. Stats. ch.8, the statutory chapter governing nominations for the General Election ballot.

According to Wis. Admin. Code EL §§ 2.05(4) and 2.07(3)(a): "Any information which appears on a nomination paper is entitled to a presumption of validity," and "[t]he burden is on the challenger to establish any insufficiency. If the challenger establishes that the information on the nomination paper is insufficient, the burden is on the challenged candidate to establish its sufficiency. The invalidity or disqualification of one or more signatures on a nomination paper shall not affect the validity of any other signatures on that paper."

New grounds for a challenge which are not raised in an initial complaint, and which are not raised until after the deadline for filing a challenge, will not be considered by the Commission. Grounds which are alleged in a timely-filed complaint, but which are based on information and sworn statements to be provided after the deadline for filing challenges to nomination papers also will not be considered.

Challengers should be aware that signatures which have been questioned and not counted by the Commission staff may be the subject of "rehabilitation." Rehabilitation means that the candidate may have subsequently corrected the deficiency and thereby added the "rehabilitated" signature(s) to the candidate's total number of qualifying signatures. Consequently, challengers cannot rely on staff disqualification of signatures as a final determination and must raise any challenges to such signatures in the same time period in which all other challenges are required to be raised.

Challengers should also be aware that nomination paper challenges are political activity and may not be researched and/or prepared by State employees on State time.

Challenges may be made to an entire page or series of pages of a nomination paper, and challenges may also be made to individual signatures on a nomination paper page.

I. Challenges to a whole paper (or series of papers)

The first part of any challenge to nomination papers should consist of challenges (if any) to a whole paper, or a group of papers that have the same deficiency in the composition of the paper. Challenges to a whole paper consist of two categories: (A.) Challenges to the heading of the nomination paper and (B.) challenges to the certification of the circulator.

Challenges to an entire page or to a group of pages, because of a deficiency (or deficiencies) in the heading or in the certificate of the circulator, should include a copy of at least one of the pages with the deficiency (or deficiencies) circled and, again, must refer, by page number, to the page or pages challenged. (*For instance: John Smith pages 1 through 27 fail to name the candidate or Tom Jones pages 2,3,6-11 &15-19 fail to identify the office sought, and pages 5-23 fail to contain the signature of the circulator, etc.*)

A. Challenges to the heading of the nomination paper

Wis. Stat. § 8.15(5)(a) and (b) requires that the heading of a nomination paper contain the following:

a) Each nomination paper shall have substantially the following words printed at the top:

I, the undersigned, request that the name of (insert candidate's last name plus first name, nickname or initial, and middle name, former legal surname, nickname or middle initial or initials if desired, but no other abbreviations or titles) residing at (insert candidate's street address) be placed on the ballot at the (general or special) election to be held on (date of election) as a candidate representing the (name of party) so that voters will have the opportunity to vote for (him or her) for the office of (name of office). I am eligible to vote in (name of jurisdiction or district in which candidate seeks office). I have not signed the nomination paper of any other candidate for the same office at this election.

(b) Each candidate shall include his or her mailing address on the candidate's nomination papers.

What the statute requires, but does not say, is that the heading must be substantially complete before the nomination paper is circulated. Otherwise, the signers would have no knowledge of what they were signing and that would render their signatures meaningless. Therefore, none of the information in the heading of the nomination paper, (i.e., candidate's name, candidate's address, political party represented, date of election, office sought, name of jurisdiction or district in which candidate seeks office), may be altered, amended, or added after circulation of the nomination paper. A challenge to the heading of a nomination paper should identify the page or pages (by number) and the defect or deficiency in the heading.

B. Challenges to the certification of the circulator

In most, if not all, cases, defects in the certificate of the circulator may be "repaired" by a correcting affidavit of the circulator -- because the defect has no effect on the validity of the signatures or on the information presented to the signatories when they signed. Defects in the heading of a nomination paper, however, may not be "repaired" or altered after the paper has been circulated. The Commission ultimately decides whether the header of a nomination paper substantially complied with the requirements set forth in the statute.

II. Challenges to Individual Signatures

The second part of any challenge to nomination papers consists of challenges (if any) to individual signatures. Challenges to individual signatures on various pages should include a copy of **each and every page** on which one or more signatures are challenged. Each page should be numbered as described above and the challenge should refer to the signature(s) challenged, by page and line number. (*For instance: John Smith Page 3, Line 6 - the address of the signatory is outside the XX Assembly District.*)

Challenges to individual signatures, like any other challenge, must be based on the personal knowledge of the complainant or that of a person whose affidavit or sworn statement accompanies the challenge. Therefore, as an example, a challenge to the eligibility to sign of various signers of a nomination paper, based on the non-residency of those signers, must be accompanied by a map of the district showing their address to be outside the district; or by a signed statement from the election official (municipal clerk or deputy clerk) whose responsibility it is to determine the residency of electors of the district. The allegation by the complainant -- that the signers are not

residents of the district - without the attached map or statement from the election official, or other corroborating forensic evidence, is not sufficient to show probable cause.

MEMORANDUM

TO: All Candidates Subject to a Nomination Papers Challenge
2020 General Election

FROM: Nathan W. Judnic, Attorney/Senior Election Specialist

DATE: June 1, 2020

SUBJECT: Response Procedures - Candidates Subject to Nomination Papers Challenge

This memorandum concerns candidates whose nomination papers have been challenged and discusses the procedure to be followed in responding to that challenge before the Wisconsin Elections Commission.

The Commission recommends reviewing the published manual titled “Common Nomination Paper Challenges” prior to responding to a challenge. The manual generally outlines the challenge process, but also includes prior Commission decisions on common challenges. This manual can be found here:

<http://elections.wi.gov/publications/manuals/common-nomination-paper-challenges>

Candidates should familiarize themselves with the requirements of Wisconsin Statutes Chapter 8, the statutory chapter governing nomination papers and nominations. In addition, administrative rules further explain requirements of nomination papers and the challenge procedure, which can be found in the Wisconsin Administrative Code EL §§ 2.05 - 2.07. Wis. Admin. Code EL §§ 2.05 - 2.07 are the rules governing the treatment and sufficiency of nomination papers and challenges to nomination papers.

Wis. Admin. Code EL § 2.05 sets forth the standards for determining whether nomination papers comply with Wis. Stat. Ch. 8 and Wis. Admin. Code EL § 2.07 sets forth the bases for challenges to those nomination papers. Both Wis. Admin. Code EL §§ 2.05 and 2.07 are rules attempting to interpret and clarify statutes; they are not statutes themselves. Because Wis. Admin. Code EL § 2.05(4) provides that “[a]ny information on a nomination paper is entitled to a presumption of validity,” any challenge to that information bears the burden of rebutting that presumption.

All challenges to nomination papers filed with the Wisconsin Elections Commission for the 2020 General Election will be considered and determined by the Commission at its June 10, 2020 meeting. The Commission’s meeting on June 10, 2020 will begin at 10:00 a.m. (or as soon

thereafter as a quorum is obtained) and is scheduled to be a teleconference/videoconference only via Zoom Meeting. The Commission intends to hear all challenges on June 10, 2020.

Both the challenger and the candidate may appear before the Commission and/or by representation and be heard on the challenge. The challenger and the candidate will each receive 5 minutes for his or her presentation. If you choose to appear before the Commission, additional details on appearing via Zoom Meeting will be provided. **A challenged candidate may respond to a challenge by appearing before the Commission at its June 10, 2020 meeting even if the candidate has not filed a verified written response.**

A challenged candidate may file a verified written response to a challenge. Written verified responses are due not later than 4:30 p.m., 3 days after the challenge to your nomination papers is filed pursuant to Wis. Admin. Code EL § 2.07(2)(b). Pursuant to Wis. Stat. § 990.001(4), should the deadline to file a verified written response to a challenge fall on a Saturday or Sunday which the Commission does not have regular business hours, the verified written response may be filed not later than 4:30 p.m. the following Monday. Most challenges to nomination papers are filed on June 4, therefore due to the deadline to respond falling on a Sunday, your response would be due on Monday, June 8 – although Commission staff recommend filing your response as soon as it is complete.

Just as all challenges to nomination papers must be in the form of a verified complaint, a written response to a challenge should also be verified. A verified response is a response that the respondent (or other affiant) swears, under oath, is true based on the personal knowledge or information and belief of the respondent (or other affiant). The oath must be sworn to before a notary or other person authorized to administer oaths. In addition to filing a written response, a challenged candidate may appear, or by representation, before the Commission to explain why the challenge ought to be rejected. As mentioned above, appearances before the Commission will take place via Zoom Meeting on June 10, 2020.

Responses are filed by delivering a copy, or preferably emailing it, to the Wisconsin Elections Commission at its offices at 212 E. Washington Avenue, 3rd Floor, Madison, Wisconsin 53703 (email: elections@wi.gov) and by delivering and/or emailing a copy to the complainant who has challenged your nomination papers. If the response is emailed, please identify it as a challenge response in the subject line of the email. The response must contain a statement that a copy of the response has been served on, mailed, or emailed to the complainant. Due to the short timeframes involved, it is important that candidates provide a copy of their response to the complainant at the same time it is filed with the Commission.

Correcting Affidavits

Under the Wisconsin Elections Commission rule, Wis. Admin. Code EL § 2.05(4), some, not all, nomination paper deficiencies may be “repaired” or “rehabilitated” by a correcting affidavit of the circulator, the signatory, or the candidate:

(4) Any information which appears on a nomination paper is entitled to a presumption of validity. Notwithstanding any other provision of this chapter, errors in information contained in a nomination paper, committed by either a signer or a circulator, may be corrected by an affidavit of the circulator, an affidavit of the candidate, or an affidavit of a person who signed the nomination paper. The person giving the correcting affidavit shall have personal knowledge of the correct information and the correcting affidavit shall be filed with the filing

officer not later than three calendar days after the applicable statutory due date for the nomination papers.

The due date for filing a correcting affidavit is “not later than three calendar days after” the due date for filing nomination papers, which is **June 4, 2020**. **Due to tight timeframes, it is important for candidates to review their nomination papers thoroughly prior to the June 4, 2020 deadline and file any necessary correcting affidavits.** To determine whether deficiencies exist in a candidate’s nomination papers that may be “repaired” by correcting affidavit, the candidate may contact the Wisconsin Elections Commission at (608) 266-8005.

Nomination papers may be divided into three sections: The Header, in which the candidate, the party, the office sought, and the date of the election are identified; the Signatory section, in which the district’s electors affix and date their signature and address; and the Certificate of Circulator, in which the circulator of the paper certifies the facts of circulation and affixes and dates his or her signature. **Only defects or deficiencies in the Signatory section and the Certificate of Circulator, and not deficiencies in the Header, may be “repaired” or “rehabilitated” by affidavit.**

The deadline for challenges to nomination papers that are filed with the WEC is set forth in Wis. Admin. Code EL § 2.07(2)(a), and is **4:30 p.m., Thursday, June 4, 2020**. New grounds for a challenge which were not raised in an initial complaint and which were raised after 4:30 p.m., Thursday, June 4, 2020, will not be considered by the Commission. Grounds which are alleged based on information and sworn statements provided after 4:30 p.m., Thursday, June 4, 2020, also will not be considered.

A written response to a challenge should identify the nomination paper page and line number of the signature that has been challenged and must rebut the reasons for the challenge. *(For instance: the signature on nomination paper Page #2, Line 7, which has been challenged as outside the circulation period was actually obtained on May 30, 2020 – see the attached affidavit of the signatory, Mary Jones.)*

If you have any questions about the Commission’s meeting to consider the challenges to nomination papers, please contact Nathan W. Judnic at 608-267-0953 (nathan.judnic@wisconsin.gov).

- (1) Except as otherwise provided in this section, the official or agency with whom declarations of candidacy are required to be filed may refuse to place the candidate's name on the ballot if any of the following apply:
 - (a) The nomination papers are not prepared, signed, and executed as required under this chapter.
 - (b) It conclusively appears, either on the face of the nomination papers offered for filing, or by admission of the candidate or otherwise, that the candidate is ineligible to be nominated or elected.

EL 2.05 Treatment and sufficiency of nomination papers.

- (1) Each candidate for public office has the responsibility to assure that his or her nomination papers are prepared, circulated, signed, and filed in compliance with statutory and other legal requirements.
- (2) In order to be timely filed, all nomination papers shall be in the physical possession of the filing officer by the statutory deadline. Each of the nomination papers shall be numbered, before they are filed, and the numbers shall be assigned sequentially, beginning with the number "1". Notwithstanding any other provision of this chapter, the absence of a page number will not invalidate the signatures on that page.
- (3) The filing officer shall review all nomination papers filed with it, up to the maximum number permitted, to determine the facial sufficiency of the papers filed. Where circumstances and the time for review permit, the filing officer may consult maps, directories and other extrinsic evidence to ascertain the correctness and sufficiency of information on a nomination paper.
- (4) Any information which appears on a nomination paper is entitled to a presumption of validity. Notwithstanding any other provision of this chapter, errors in information contained in a nomination paper, committed by either a signer or a circulator, may be corrected by an affidavit of the circulator, an affidavit of the candidate, or an affidavit of a person who signed the nomination paper. The person giving the correcting affidavit shall have personal knowledge of the correct information and the correcting affidavit shall be filed with the filing officer not later than three calendar days after the applicable statutory due date for the nomination papers.
- (5) Where any required item of information on a nomination paper is incomplete, the filing officer shall accept the information as complete if there has been substantial compliance with the law.
- (6) Nomination papers shall contain at least the minimum required number of signatures from the circuit, county, district or jurisdiction which the candidate seeks to represent.
- (7) The filing officer shall accept nomination papers which contain biographical data or campaign advertising. The disclaimer specified in s. [11.1303 \(2\)](#), Stats., is not required on any nomination paper.
- (8) An elector shall sign his or her own name unless unable to do so because of physical disability. An elector unable to sign because of physical disability shall be present when another person signs on behalf of the disabled elector and shall specifically authorize the signing.
- (9) A person may not sign for his or her spouse, or for any other person, even when they have been given a power of attorney by that person, unless sub. [\(8\)](#) applies.
- (10) The signature of a married woman shall be counted when she uses her husband's first name instead of her own.
- (11) Only one signature per person for the same office is valid. Where an elector is entitled to vote for more than one candidate for the same office, a person may sign the nomination papers of as many candidates for the same office as the person is entitled to vote for at the election.
- (12) A complete address, including municipality of residence for voting purposes, and the street and number, if any, of the residence, (or a postal address if it is located in the jurisdiction that the candidate seeks to represent), shall be listed for each signature on a nomination paper.
- (13) A signature shall be counted when identical residential information or dates for different electors are indicated by ditto marks.
- (14) No signature on a nomination paper shall be counted unless the elector who circulated the nomination paper completes and signs the certificate of circulator and does so after, not before, the paper is circulated. No signature may be counted when the residency of the circulator cannot be determined by the information given on the nomination paper.
- (15) An individual signature on a nomination paper may not be counted when any of the following occur:
 - (a) The date of the signature is missing, unless the date can be determined by reference to the dates of other signatures on the paper.
 - (b) The signature is dated after the date of certification contained in the certificate of circulator.

- (c) The address of the signer is missing or incomplete, unless residency can be determined by the information provided on the nomination paper.
- (d) The signature is that of an individual who is not 18 years of age at the time the paper is signed. An individual who will not be 18 years of age until the subject election is not eligible to sign a nomination paper for that election.
- (e) The signature is that of an individual who has been adjudicated not to be a qualified elector on the grounds of incompetency or limited competency as provided in s. [6.03 \(3\)](#), Stats., or is that of an individual who was not, for any other reason, a qualified elector at the time of signing the nomination paper.
- (16) After a nomination paper has been filed, no signature may be added or removed. After a nomination paper has been signed, but before it has been filed, a signature may be removed by the circulator. The death of a signer after a nomination paper has been signed does not invalidate the signature.
- (17) This section is promulgated pursuant to the direction of s. [8.07](#), Stats., and is to be used by election officials in determining the validity of all nomination papers and the signatures on those papers.

EL 2.07 Challenges to nomination papers.

- (1) The elections commission shall review any verified complaint concerning the sufficiency of nomination papers of a candidate for state office that is filed with the elections commission under ss. [5.05](#) and [5.06](#), Stats.; and the local filing officer shall review any verified complaint concerning the sufficiency of nomination papers of a candidate for local office that is filed with the local filing officer under s. [8.07](#), Stats. The filing officer shall apply the standards in s. [EL 2.05](#) to determine the sufficiency of nomination papers, including consulting extrinsic sources of evidence under s. [EL 2.05 \(3\)](#).
- (2)
 - (a) Any challenge to the sufficiency of a nomination paper shall be made by verified complaint, filed with the appropriate filing officer. The complainant shall file both an original and a copy of the challenge at the time of filing the complaint. Notwithstanding any other provision of this chapter, the failure of the complainant to provide the filing officer with a copy of the challenge complaint will not invalidate the challenge complaint. The filing officer shall make arrangements to have a copy of the challenge delivered to the challenged candidate within 24 hours of the filing of the challenge complaint. The filing officer may impose a fee for the cost of photocopying the challenge and for the cost of delivery of the challenge to the respondent. The form of the complaint and its filing shall comply with the requirements of ch. [EL 20](#). Any challenge to the sufficiency of a nomination paper shall be filed within 3 calendar days after the filing deadline for the challenged nomination papers. The challenge shall be established by affidavit, or other supporting evidence, demonstrating a failure to comply with statutory or other legal requirements.
 - (b) The response to a challenge to nomination papers shall be filed, by the candidate challenged, within 3 calendar days of the filing of the challenge and shall be verified. After the deadline for filing a response to a challenge, but not later than the date for certifying candidates to the ballot, the elections commission or the local filing officer shall decide the challenge with or without a hearing.
- (3)
 - (a) The burden is on the challenger to establish any insufficiency. If the challenger establishes that the information on the nomination paper is insufficient, the burden is on the challenged candidate to establish its sufficiency. The invalidity or disqualification of one or more signatures on a nomination paper shall not affect the validity of any other signatures on that paper.
 - (b) If a challenger establishes that an elector signed the nomination papers of a candidate more than once or signed the nomination papers of more than one candidate for the same office, the 2nd and subsequent signatures may not be counted. The burden of proving that the second and subsequent signatures are that of the same person and are invalid is on the challenger.

- (c) If a challenger establishes that the date of a signature, or the address of the signer, is not valid, the signature may not be counted.
- (d) Challengers are not limited to the categories set forth in pars. (a) and (b).
- (4) The filing officer shall examine any evidence offered by the parties when reviewing a complaint challenging the sufficiency of the nomination papers of a candidate for state or local office. The burden of proof applicable to establishing or rebutting a challenge is clear and convincing evidence.
- (5) Where it is alleged that the signer or circulator of a nomination paper does not reside in the district in which the candidate being nominated seeks office, the challenger may attempt to establish the geographical location of an address indicated on a nomination paper, by providing district maps, or by providing a statement from a postmaster or other public official.

MEMORANDUM

DATE: For the June 10, 2020 Commission Meeting

TO: Wisconsin Elections Commission

FROM: Meagan Wolfe
Administrator, Wisconsin Elections Commission

SUBJECT: 2020 HAVA Election Security Grant Spending Recommendations

On January 6, 2020, the U.S. Elections Assistance Commission (“EAC”) sent an email to the Wisconsin Elections Commission (“WEC”) announcing Wisconsin’s Help America Vote Act (“HAVA”) anticipated grant award of \$7,818,581 with a 20% match. The match means that over the next two years the state, and our municipalities and counties combined, would have to dedicate approximately \$1.5 million toward election security activities. Match funds are not required to be newly appropriated funds and can be existing budget efforts that have been reassigned to election security tasks. At the January 14, 2020 Commission meeting, the Commission directed staff to submit a Wis. Stat. §16.54 request to the Department of Administration requesting the acceptance of HAVA grant funds. That step is complete, and the grant is now available to the Commission.

WEC staff must now prepare a letter to the EAC that provides a high-level outline of how the state plans to use the new HAVA funds. This plan is due to the EAC on June 26, 2020. The plan can be adapted and amended, as necessary, throughout the life of the grant but a preliminary plan must be submitted by this date. Recent changes to the grant terms eliminated the original five-year grant term and permit the use of the HAVA grant funds until exhausted (with no time limit).

WEC staff believes a two-phase approach to spending will ensure funding is used both to secure the 2020 fall elections and to address future, unanticipated security concerns. Much like the security funding made available to states in 2018, ahead of the General Election, we recommend that Phase One include spending necessary to address immediate election security needs prior to November 2020. For Phase Two funds, it is recommended that they be held in reserve to address security needs after November 2020. Based on discussions with agency partners and clerk feedback, the Commission staff propose the following categories be submitted for the initial 2020 HAVA Security grant spending plan:

Program	Expense
Phase 1: New Subgrant for Counties	\$3,875,658
Phase 1: Continuation of 2019 Subgrant for Municipalities	\$1,206,000
Phase 2: Reserve for Future Security Needs	\$2,736,923
Total Grant Award	\$7,818,581

1. PHASE ONE (2020 FUNDS):

COUNTY SUBGRANT

Commission staff propose that approximately 50% of HAVA Election Security funds be made available to counties with specific 2020 election security needs through a subgrant program. This subgrant is not an automatic award, but a pool of resources available for counties to meet essential needs prior to the November General Election. Counties play an instrumental role in elections, with every county responsible for collecting and reporting election results on election night. While these results are unofficial, they draw a great deal of attention and their accuracy is essential in maintaining public confidence in the system. Counties are also required by statute to design and distribute ballots to municipalities. Many counties also maintain the election management software system for their voting equipment and program equipment memory devices for their municipalities.

County clerks are the designated chief election official in their counties, and most counties also perform election administration services for some of their municipalities through WisVote. Despite these critical roles, counties have not yet benefitted from either of the last two WEC subgrant programs. The 2019 HAVA Election Security subgrant program allocated \$1.1 million to basic cybersecurity needs, but the structure of the grant meant that municipalities received nearly all the disbursed funds. Likewise, the 2020 CARES subgrant allocates \$4.1 million to municipalities but nothing to counties. Making funds available to counties will ensure they can address any unfunded 2020 election security needs.

Because county roles in elections and technological infrastructure vary so greatly, there is no one item that all counties can purchase to ensure the security of their network and election-related software applications and hardware. Therefore, staff propose a program that allows counties to assess their unique security environment and then provide an application outlining their needs. Under this proposal, counties who wish to apply for grant funds will be asked to conduct a deliberate assessment of their current security posture and submit a spending plan to WEC for review and approval. Then, upon implementation of security measures, counties will submit a final document to WEC outlining how the funds were used and how the county's election security posture has improved. The WEC will also reserve the right to audit or review documentation of county security efforts to ensure that funds are used to improve security rather than to maintain efforts.

Purpose. Funds may be used to make payments for activities that enhance election technology and make election security improvements, as authorized under sections 101, 103, and 104 of HAVA. This includes personnel, equipment, and training costs associated with the following federally designated categories:

- Cyber Vulnerabilities
- Physical Security
- Voter Registration Systems and Management
- Election Auditing
- Staff Training
- Communications

To identify specific needs, counties should perform a deliberate risk assessment and vulnerability management process, if they have not recently done so. Not all counties are able to conduct deliberate risk assessments due to the lack of people, process, and/or technology. If necessary, counties can therefore use the grant to both perform the deliberate assessment and take steps to mitigate risks identified through the assessment.

WEC staff will make recommendations to counties, based on size and infrastructure, on the most impactful areas to make changes to ensure their individual security and the statewide election systems as a whole. In general, the following vulnerability assessments are recommended:

- **Enterprise Risk Assessments/Scans** – Assess risks to core assets, operational processes, and functions.
- **Physical Infrastructure Assets and Systems Risk Assessments/Scans** – Identify and assess vulnerabilities and risks to core physical infrastructure assets and systems.

Risk assessments may be performed by a vendor or software tool depending upon the system being assessed. Commission staff will, as needed, help counties design a risk assessment and vulnerability management process that meets their needs and budget. Counties may then apply funds towards needs identified through the process. Appropriate uses for the funds may include IT support services, staff security training, hardware or software upgrades, intrusion detection systems, data back-up systems, cyber insurance, physical security improvements, and mail processing equipment. Voting equipment purchases are generally not eligible for the subgrant, however, counties may consult with staff if specific security-related needs exist.

Proposed Allocation. Counties may request funds for specific needs up to the maximum available allocation. Requests in excess of the maximum allocation may be considered by the Commission after all 72 counties have had the opportunity to request funds. The maximum allocation consists of a base subgrant of \$25,000 per county, plus an additional amount based on the voting-age population. The additional amount was calculated at a rate of \$0.45 per person, based on the 2019 voting age population estimated by the DOA Wisconsin Demographic Services Center.¹

$$\begin{array}{ccccc} \$25,000 & & \text{Voting Age Population} \times \$0.45 & = & \text{Maximum Allocation} \\ \text{(Base Allocation)} & + & \text{(Population Based Allocation)} & & \text{(Available Subgrant)} \end{array}$$

These calculations produced a median subgrant award of \$39,829 with a range of \$26,310 to \$348,840 for the smallest and largest counties, respectively. A full accounting of county subgrant calculations is attached as Exhibit A.

¹ https://doa.wi.gov/Pages/LocalGovtsGrants/Demographic_Services.aspx

Base Allocation. The base award of \$25,000 was selected to ensure that all counties have the opportunity to meet common high-cost election security needs based on their individual requirements. Some common products and services at this price point include:

- Professional cybersecurity assessments cost from \$1,500 to \$50,000, with additional funds required to remediate issues
- Installation and subscription fees for network intrusion detection devices are approximately \$20,000-\$24,000
- Network upgrades for a 20-person organization (including server, firewall, switch, etc.) can cost \$20,000 or more
- New computers and support IT services for a 10-person organization cost \$15,000 to \$20,000
- A hardware security module to manage digital keys and encrypt digital signatures is approximately \$20,000 to \$25,000

Population-Based Allocation. Because counties vary significantly in size, this proposal includes an additional amount based on the estimated voting age population in each county. Although the municipal CARES subgrant used the number of registered voters to measure population, this technique does not easily apply to counties, as voters are registered by municipality and some municipalities straddle multiple counties. As a result, staff used DOA official estimates to instead assess voting age population. The figure of \$0.45 was selected to ensure the total funds allocated to the subgrant represent not more than 50% of the available HAVA grant.

Application Process. Commission staff suggest a seven-month timeline beginning with a two-month window for subgrant applications and ending with compliance reports due in February 2021. Counties may request an extension of the compliance reporting deadline if necessary. Key dates in the program are:

County HAVA Subgrant: Key Dates	
NLT July 1, 2020	Subgrant Applications Period Opens
July 15, 2020	Deadline to Submit Subgrant Applications
NLT July 31, 2020	Elections Commission Approves or Denies Requests
February 1, 2021	Compliance Reports Due
February 15, 2021	Deadline to Return Unused Funds

Upon approval of the subgrant program by the Commission, counties will be able to request subgrant funds by submitting a two-part application containing the following information:

Application Part	Description	Evaluation Criteria
1. Subgrant Narrative	A written request containing the following information: <ul style="list-style-type: none"> documenting the prior security assessment performed or requesting funds to complete a security assessment specifying 2020 election security needs providing a detailed plan for use of the requested funds 	See Below
2. Certification Form	A standardized form certifying that the county will meet the terms of the grant, including the filing of expense reports.	Signature Required

Once a complete request has been received, staff will prepare for the Commission a request summary that assesses the Subgrant Narrative and recommends approval or denial of the request. To evaluate each request, staff will consider the following criteria:

- a. Cybersecurity Assessment. Did the jurisdiction complete, and document, an assessment of their security posture applying one of the following cybersecurity standards?
 1. CISA/NIST Cybersecurity Framework (CSF)
 2. ISO 27000 Family of Standards (ISO27k)
 3. CIS Critical Security Controls (CIS Controls)
If not, the jurisdiction must agree to schedule an external cybersecurity assessment as part of the grant application.
- b. Specific Needs. Did the jurisdiction identify specific election security needs within allowable grant purposes and clearly tied to 2020 election security?
- c. Remediation Plan. Did the jurisdiction detail a specific and achievable plan to address the stated election security needs prior to November 4, 2020?

Staff will provide grant request summaries to the Commission for review not later than July 31, 2020. Funds will be provided to counties immediately after the Commission approves grant requests.

Compliance. Counties will be required to submit a compliance report to the Commission by February 1, 2021 of total expenditures related to election security incurred through December 31, 2021. The subgrant requires documentation of all election security expenditures, whether or not grant funds were applied to the expense. Documenting all expenses – not just grant expenditures – ensures that the HAVA grant match requirement is fulfilled. If a county does not spend the subgrant funds it was allocated, it must return any unused funds by February 15, 2021. Counties will be required to maintain all documentation of purchases made for a minimum of three years from the date of expenditure in case of an audit by the State or Federal government.

RENEWAL OF MUNICIPAL ELECTION SECURITY SUBGRANT

Commission staff also propose renewing the 2019 Election Security Subgrant (“ES Subgrant”) program for municipalities that did not apply for the grant prior to the November 15, 2019 deadline. There were 1,005 municipalities that did not apply for a grant. Clerks have reported to WEC many reasons for not applying for the initial grant. Some jurisdictions had compliant devices; others may not have used WisVote at the time of the grant application deadline. Since the initial grant, COVID-19 has changed the way some clerks interact with election technology. Because of the increase in ballots being issued during in-person absentee and absentee by mail many clerks now need to use the WisVote system to manage these requests more efficiently and securely. Other jurisdictions have also had to hire new staff or may have new clerks. These jurisdictions may not have had a need for a grant in 2019 but are now in need due to the changing election security landscape. Designating \$1,206,000 will enable the WEC to provide all of these municipalities the full \$1,200 subgrant if requested.

Authorized Use of Funds. Like the initial election security sub-grant, jurisdictions may only use their grant funds for any of the following needs:

- a. Compliant hardware
- b. Professional IT support
- c. Security training (cyber or physical)

Municipalities will be eligible to apply for funds if they have not yet received a grant in one of these three categories. For example, if a municipality accepted a grant for hardware in 2019 but did not request funding for training, it would be eligible to request funding for training but not for another computer through this grant continuation. Jurisdictions who did not apply for or receive funds through the 2018 grant would be eligible to receive up to \$1,200 if they indicated a need in all three categories. It should be noted that many of the in-person training events that were available in 2019 have been suspended in 2020 so other training opportunities will be explored through remote clerk training meetings and events.

Baseline Subgrant Compliance Standards. Jurisdictions accepting ES Subgrant funds must agree to meet four baseline compliance standards before spending money on any other election security needs. The four baseline compliance standards are:

- a. Possess compliant (up-to-date) computer hardware and software
- b. Possess either in-house or contracted IT support
- c. Complete WEC Election Security Training Requirements
- d. Complete an Elections Security Contingency Plan

Detailed compliance standards were previously published in Commission materials for the September 24, 2019 Commission meeting.

Funding. ES Subgrant funds will be provided to municipalities in equal amounts up to a maximum of \$1,200. Jurisdictions applying for grant funds will indicate what baseline or advanced security items they need. A set amount will then be awarded for each baseline need as follows:

- a. Jurisdictions indicating the need for a compliant computer will be awarded \$600
- b. Jurisdictions indicating the need for managed IT support will be awarded \$500
- c. Jurisdictions indicating the need to attend training will be awarded \$100

Proposed Disbursement of Funds. As with the previous Election Security Subgrant, municipalities may request the grant using a request form available on the WEC website. The period to request Municipal Election Security subgrant funds from the WEC will close on September 1, 2020. Once a request has been received, Commission staff will provide a check or transfer funds directly through an electronic transfer of funds to each approved municipality. Municipalities receiving grant funds will be required to submit a compliance form to the Commission no later than December 1, 2020.

Municipal Election Security Subgrant: Key Dates	
NLT July 1, 2020	Subgrant Applications Accepted
September 1, 2020	Deadline to Submit Subgrant Applications
December 1, 2020	Compliance Forms Due

2. PHASE TWO (FUTURE FUNDS)

Staff recommend that remaining funds – approximately 35% of the total – be held in reserve for future needs. The COVID-19 crisis demonstrated that unanticipated challenges can arise quickly and produce unexpected and urgent needs. As states have an undesignated amount of time to spend the HAVA funds, staff recommend maintaining a reserve for future allocation. This approximately \$2.7 million reserve will allow the Commission to take advantage of new technologies and react to the unexpected. The Commission will also earn interest on these unspent funds. Having funds in reserve will ensure that the state is able to continue to address evolving security needs before and after the November 2020 Presidential Election.

3. RECOMMENDED MOTIONS

Motion #1: The Commission directs WEC staff to administer a HAVA Election Security subgrant program to counties at the rate of \$0.45 per voting-age resident plus \$25,000, not to exceed a total cost of more than \$3,835,830.

Motion #2: The Commission directs WEC staff to renew the administration of the Election Security subgrant to municipalities at the rate of up to \$1,200 per eligible jurisdiction, not to exceed a total cost of more than \$1,206,000.

Motion #3: The Commission directs WEC staff to submit the 2020 HAVA Security Grant spending plan to the US EAC outlining the two-phase approach outlined above.

MEMORANDUM

DATE: For the June 10, 2020 Commission Meeting

TO: Members, Wisconsin Elections Commission

FROM: Meagan Wolfe
Administrator, Wisconsin Elections Commission

Prepared by Elections Commission Staff

SUBJECT: Commission Staff Update

Since the last Elections Commission Staff Update (February 27, 2020), staff of the Commission focused on the following tasks:

1. General Activities of Election Administration Staff

Spring Primary and Special Primary for Congressional District 7

At the spring primary on February 18, 2020, voters narrowed the field of candidates for Justice of the Supreme Court, Milwaukee County Circuit Court Judge, Branch 5 and various local offices. There were two Democratic candidates and two Republican candidates for the special primary for Representative in Congress, District 7 which was held in conjunction with the spring primary. The primary canvasses were certified on March 3, 2020 by Administrator Wolfe, designee of Chairperson Knudson.

The Spring Election and Presidential Preference Vote

The Spring Election and Presidential Preference Vote was held on April 7, 2020 and proved to be an election to remember. Despite the COVID-19 threat, rapidly changing court decisions and a stay-at-home order, county and municipal clerks and election inspectors adapted quickly and carried off the safest and most efficient election possible under the circumstances.

The canvass of the Spring Election and Presidential Preference Vote was certified on May 4, 2020 by Administrator Wolfe, designee of Chairperson Knudson.

Special Election for Congressional District 7

The special election was conducted on May 12, 2020. A preliminary certification of the winner was emailed to the Clerk for the U.S. House of Representatives per that office's request. The special election is scheduled for certification at the Commission meeting on June 10, 2020, after which the winner will be

issued a Certificate of Election and a formal certification will be sent to the U.S. House of Representatives.

2. Badger Voters

The Badger Voters program has seen an increase in activity due to the addition of candidate nomination paper access. This service allows requestors to go to Badger Voters and choose a candidate name from a dropdown screen to receive a download link for an Adobe .pdf file of that candidate's submitted papers. As of June 4, 2020, we have had 307 requests. Customer feedback has been overwhelmingly positive regarding the new process. Voter list and absentee requests have increased due to the April 7 Spring Election and Presidential Preference Vote and the May 12 Special Election Representative in Congress District 7.

The following statistics summarize voter data requests through May 31, 2020.

Fiscal Year	Total Number of Requests	Requested Files Purchased	Percentage of Requests Purchased	Total Revenue
FY2020 to Date	868	619	71.30%	\$612,283.00
FY2019	617	473	76.6%	\$328,015.00
FY2018	706	517	73.2%	\$182,341.00
FY2017	643	368	57%	\$234,537.35
FY2016	789	435	55%	\$235,820.00

FY2013	356	259	72.75%	\$254,840.00
FY2012	428	354	78.04%	\$127,835.00

3. Election Voting and EDR Postcard Statistical Reporting

Commission staff continue to work with municipal and county clerks to meet reporting requirements following the 2020 Spring Primary and Congressional District 7 Special Primary, 2020 Spring Election and Presidential Preference Vote, and 2020 Special Congressional District 7 Election.

Per state statute, initial reporting of the Election Administration and Voting Statistics Report data is due to be reported to the state no later than 30 days after an election and the state is to report this data on their website no later than seven days after the municipal reporting deadline. Managing and reconciling the additional data proves challenging for some municipalities and requires more staff involvement. In cases where a jurisdiction cannot reconcile voting statistics, Commission staff work with individual clerks to ensure all reasonable efforts are applied to ensure the accuracy of their data.

As of June 4, 2020, there are 388 municipalities with outstanding reports for the 2020 Spring Primary and Congressional District 7 Special Primary and 517 municipalities with outstanding reports for the 2020 Spring Election and Presidential Preference Vote Election. The initial reporting for the 2020 Special

Congressional District 7 Election will be due June 11 and therefore is not available as of the writing of this report.

The Election Day Registration (EDR) Postcard Statistics for the spring 2020 elections are just starting to come due. By statute, this report is to be initially reported within 90 days after an election and then updated monthly until there is a full accounting of all EDR postcards.

Initial reporting for the 2020 Spring Primary and Congressional District 7 Special Primary has been delayed slightly due to the extra workload municipal, county and WEC staff have faced with the April and May elections. An initial reminder has been sent to clerks as of June 4, 2020 to complete their EDR Postcard reporting to us as soon as possible so we can get that posted to the website. Statistics for this will be available in the next staff update.

4. Education/Training/Outreach/Technical Assistance

Following this memorandum as Attachment 1 is a summary of information regarding initial certification and focused election administration training conducted by WEC staff since the last commission meeting in February. In preparation for the Spring Election, the training team and elections specialists continued to focus on providing information and guidance about basic election processes, such as voter registration, proof of residence and photo ID requirements. Commission staff also reviewed more complex election administration procedures, such as processing absentee ballots and counting write-in votes on Election Day.

Staff provided specialized election training through its election administration and WisVote webinar training series, including a review of Election Day procedures and early preparation work in the WisVote system for the fall elections. Staff developed webinar training on special polling place procedures, contingency planning and emergency preparedness due to COVID-19. Staff also provided targeted webinar training for clerks in the 7th Congressional District before the May 12 Special Election.

The Election Administration Manual has been revised to incorporate statutory references as required by state law and will be posted shortly for public comment.

Staff was scheduled to attend a variety of annual conferences and district meetings of county and municipal clerks in the spring and summer. Several were postponed to a later date and the rest were cancelled due to COVID-19. Staff will be looking into other means of providing updates and training to the clerks and their election workers going into the fall.

5. Badger Books

After much preparation and training, 53 new municipalities implemented Badger Books during the Spring Primary, bringing the total number of municipal owners that used the technology from 17 to 70 in one election. While transition and new technology are inevitably coupled with growing pains and steep learning curves for clerks and election inspectors, the overall the implementation was successful. The new technology was well received by both the clerks and voters. Preparation for the Spring Election was unexpectedly shadowed by a worldwide pandemic, and most of the Badger Book municipalities used the devices while implementing new guidelines for social distancing and disinfecting screens between voters.

The Badger Book team continues to obtain feedback from clerks and is currently focusing on improving the usability of the software to improve the experience of clerks, election inspectors, and ultimately voters, with a high-level look at software interface and connectivity. The team expects to deploy a software update prior to the Partisan Primary to implement some of these improvements.

6. Accessibility

The upcoming Accessibility Advisory Committee meeting is scheduled for June 23 from 9 a.m. to 12 p.m. via video conference. The Committee will discuss the complaint process, voting equipment, updating the Polling Place Accessibility Survey for clerks, and discuss the upcoming elections.

The accessibility budget has \$4,460 remaining for FY20. WEC staff plan on purchasing signage for curbside voting, digital slope readers for the accessibility reviews, and replenishing existing accessibility stock. Clerks may continue to order these accessibility supplies for their polling places at no cost.

Accessibility polling place reviews for both the April and May election were cancelled due to COVID-19 related concerns and staff are waiting to decide whether audits will be conducted during the August election. However, WEC staff will continue to include accessibility training into webinars and online materials to promote polling place accessibility. Supplies will still be available for clerks to order for their polling places to reduce barriers for voters.

The website that clerks and WEC staff use to review the accessibility reviews (accessselections.wi.gov) is being updated. The new website will reconnect to WisVote to allow WEC staff to view past reviews more easily and potentially connect features to MyVote for voters, such as what type of voting equipment each polling place uses. WEC staff hope to have the project completed by the end of 2020.

A new accessibility concern form was created on the WEC website (<https://elections.wi.gov/form/accessibility-complaint>). This form directs users to select their category of concern, describe the incident, and provide any information that is relevant (options include name, polling place location, and contact information of the user). The form will allow WEC staff to follow up promptly with accessibility-related concerns.

7. Complaints

Elections Administration staff and Staff Counsel have continued to process and resolve formal complaints related to the actions of local election officials, as well as informal inquiries submitted by voters and the public. For a complaint against a local election official to be processed in accordance with Wis. Stat. § 5.06, an elector of a jurisdiction must file a written sworn complaint. Since January 1, 2020, the Commission has received thirteen Wis. Stat. § 5.06 complaints, two of which are still outstanding. In addition, staff frequently handles informal complaints and inquiries submitted through telephone calls, emails or through the agency's website, which are typically resolved promptly through a phone call, or email with the complainant and local election officials if necessary. Since January 1, 2020, the agency has received a total of 1,147 through the website, most of which were messages to the Commission about whether or not to conduct the April 7, 2020 election during the public health emergency. Complaints filed under Wis. Stat. § 5.05 are confidential and decided by the Commission in

closed session. Since January 1, 2020, the Commission has received eight complaints under Wis. Stat. § 5.05, five of which are on the closed session agenda for this meeting.

8. Absentee Process Improvements Project Update

Staff continue to work with clerk committees and voters to improve the absentee voting experience due to the unprecedented increase in utilization of by mail absentee voting. Improvements are scheduled for “go-live” on June 15.

Voters are much more inclined now to use the MyVote website for voter information and expect ballot tracking information to be comparable to their experiences with eCommerce tracking. Improvements implemented or under development include updating the MyVote user interface to improve confidence in a successful completion of the request and improve tracking of the absentee ballot from issuance to participation recording. MyVote Usability testing was conducted with users during mid-May with voters along with a mock redesign of the EL-121 (Application for Absentee Ballot) and EL-122 (Absentee Certificate Envelope). The above improvements will help limit voter confusion and inquiries to WEC staff and clerks.

For election officials, improvements implemented or under development include replacing the manual process of entering absentee applications for those received via MyVote requiring clerks to verify that an acceptable photo ID was attached. The new MyVote pending process will allow clerks to accept or decline applications after viewing the uploaded photo ID without additional data entry. Improvements to the absentee workflow in WisVote include:

- Limiting manual absentee application entry points into WisVote
- Updating the batch process used for issuing ballots and printing labels in large quantities
- Integration of intelligent mail barcodes (IMB) on absentee ballot envelope address labels printed from WisVote to facilitate the tracking of absentee ballots processed by the United State Postal Service en route to the voter
- Automatic deactivation of absentee applications for ballots returned as undeliverable
- Updating the absentee ballot reports to meet clerk needs

In addition to WisVote manual and tutorial updates, live WisVote training with elections officials on recent absentee updates will be conducted via a series of webinars.

9. CARES Subgrant Status

On May 27, the Commission approved the plan to administer a CARES Subgrant Program to municipalities. This program would allow WEC Staff to distribute funds to Wisconsin Municipalities in the form of a base subgrant of \$200, regardless of size, plus \$1.10 per registered voter. On June 4, the WEC Staff presented two CARES Subgrant Program Webinars for the municipal clerks, one in the morning and one in the evening. The turnout for these webinars had 386 attending the morning session and 61 attending the evening session. This webinar covered the purpose of the program, the process, and the details of the CARES Subgrant Agreement they will be required to sign to receive funds.

In light of Governor Evers' new Routes to Recovery subgrant to municipalities and counties using more general CARES Act federal funds, staff has been making slight revisions to our elections-specific CARES subgrant to compliment Routes to Recovery and best fund the clerks' pandemic-related needs. We are learning more information as we write this but are still on track to release our subgrant to municipalities the week of June 8.

The CARES Subgrant Agreement form will be emailed to all municipal clerks by the end of the week of June 8. Additionally, staff has created for clerks a CARES Subgrant Expenditures Tracking Template and a CARES Subgrant Reporting Template. Staff is also working to assemble a Frequently Asked Questions (FAQ) document with answers to questions we received during the webinars. This package of documents, along with a clerk communication explaining any updates to the program, will be distributed along with the CARES subgrant agreement. It will also be available on the WEC website for download.

10. Voting Equipment

During the current reporting period, voting equipment staff fielded numerous Engineering Change Orders (ECOs) from Clear Ballot Group, ES&S, and Dominion Voting Systems, the three voting equipment vendors authorized to conduct business in Wisconsin. ECOs submitted dealt with a range of issues, from component end of life replacement, to software updates designed to ensure seamless results transmission on election night.

Staff reviewed relevant documentation and developed recommendations for each of the nine ECOs, forwarding them to Administrator Wolfe for consultation with the Chair of the Commission. Each of the nine ECOs were approved. Vendors have been notified and will implement the ECOs on a timeline arranged with their customers. Below is an inclusive list of the ECOs received with a brief description of each.

Election Systems and Software (ES&S):

- ECO 1055
 - Addition of a wheeled cart to the DS200 collapsible ballot box
- ECO 1074
 - Addition of two scheduled tasks to remove files cached in the Election Management System/minor changes to Windows Task Manager
- ECO 1084
 - Addition of an hourly ping notification to be sent from the EMS firewall to the Cradlepoint router, keeping it from going idle on election day
 - Addition of an auxiliary antenna for systems running on the Verizon Zero Tunnel to improve signal strength where the Cradlepoint router may be housed deep within a building

Dominion Voting Systems:

- ECO 100421
 - Approval for replacement memory cards to reflect commercial availability of currently certified memory cards
- ECO 100657
 - Approval to replace ballot marking printer with commercially available comparable component

Clear Ballot Group:

- HW-873
 - Approval to replace an end-of-life laptop with a comparable component
- HW-879
 - Approval to replace an end-of-life scanner with a comparable component
- HW-880
 - Approval to replace a different end-of-life scanner with a comparable component
- HW-1086
 - Approval to replace an end-of-life accessible keypad with a comparable component

On April 24, 2020, Election Systems and Software (ES&S) submitted an application for the testing and consideration of system version EVS 6.0.4.3. EVS 6.0.4.3 is an EAC certified update to a previously certified system, EVS 6.0.4.0. There was a single component of EVS 6.0.4.0, the ExpressVote tabulator (EVT), which was not approved by the Commission for use in Wisconsin. The EVT functions both as a ballot marker and a tabulator, allowing purchasing jurisdictions to the possibility of forging the additional purchase of a DS200.

Staff held conversations with both ES&S and Taylor County regarding the possibility of a test campaign for EVS 6.0.4.3 in 2020. In all conversations, the stated position of staff has been that a 2020 test was not feasible. With a full election schedule, various ongoing agency projects, and the additional considerations of COVID-19, the time and resources required to coordinate and execute a full voting equipment test campaign are not available in 2020.

Due to these impediments, as well as Taylor County rescinding their request, staff recommended to the Commission that a full test campaign for EVS 6.0.4.3 be postponed until 2021. Commissioners accepted the staff recommendation. Should ES&S maintain interest in testing for EVS 6.0.4.3, staff will work with them to conduct a full test in 2021.

Voting equipment staff has also begun coordination planning for the 2020 voting equipment audit. State law requires an equipment audit after each General Election. Staff is working to formalize plans for presentation to the Commission at its September meeting.

11. Communications Report

Between February 13 and May 30, 2020, the Public Information Officer (PIO) engaged in the following activities in furtherance of the Commission's mission:

During this period, the Wisconsin Elections Commission faced unprecedented communications challenges. The COVID-19 pandemic growing during the April 2020 Spring Election and Presidential Preference Primary produced a flood of communications with voters, local election officials, other state and federal agencies involved in the pandemic emergency response, legislative offices and the news media. While the pandemic put Wisconsin elections in the national spotlight, other unrelated events also required significant attention and specific communications.

Voters: Following the WEC's special meeting March 12 to deal with COVID-19 issues, the PIO and WEC staff began communicating with the voting public via news release through the media about

clerks being directed to not send special voting deputies to nursing homes and to relocate polling places from nursing homes. On March 13, we issued the first news release urging voters to request absentee ballots for the April 7 election. Several subsequent news releases promoted absentee voting by highlighting the growing number of absentee ballot requests voters were making of clerks.

The PIO worked with our advertising agency, KW2, to create social media posts and artwork designed to encourage voters to request absentee ballots and return them in time to be counted. Significant time was spent consulting with political parties, groups and individuals who were looking for guidance in their communications with voters.

Many voters also communicated back to the Commission. More than 1,000 people used the WEC's website comment form to send messages, mostly urging a postponement or cancellation of the election due to the pandemic. Unfortunately, staff did not have time to respond to most of these messages. Some voters with questions about absentee voting or problems receiving or returning their ballots also used the website form, and staff responded to as many of those as possible. More than 900 contacted the WEC Help Desk via email with messages about whether to hold the election as scheduled. Staff took hundreds of phone calls as well.

Litigation aimed at delaying the election or changing registration and voting deadlines also created significant confusion among voters as court orders and appeals adjusted the rules, including the US Supreme Court decision. There was also litigation involving statements by the Dane County and Milwaukee County clerks about absentee voting. Those statements and the litigation also caused confusion and required clarifications by WEC staff.

Local Election Officials: The pandemic generated significant increases in communication with municipal and county clerks, much of it flowing through the agency's website. The PIO designed pages dedicated to COVID-19 for clerks and worked closely with staff on the Website Team to create, edit and coordinate posting of content for these pages. The PIO also created news release templates for clerks about absentee voting and poll worker recruitment.

State Emergency Operations Center (SEOC): The PIO worked out of Wisconsin's SEOC at the National Guard headquarters for the first day of its operation and participated in numerous conference calls with other state agency communications officers in March and April. We coordinated several communications efforts with the National Guard and its involvement in providing supplies to local election officials and poll workers to clerks in need on Election Day. The SEOC was also helpful in coordinating responses to many media inquiries during this time.

Media: The COVID-19 pandemic produced intense interest among local, state and national media in Wisconsin, focused on whether the April 7 election would occur and what the state was doing to help local election officials. Administrator Wolfe and the PIO gave numerous interviews to media outlets throughout Wisconsin and across the country.

In addition to the pandemic, there was also continued interest in the ERIC movers list litigation and election security for the Spring Primary and Spring Election. Finally, the WEC's partnership with the Rock County Clerk and the Town of Fulton Clerk to test Microsoft's Election Guard system at the Spring Primary generated significant media interest. The test involved much media coordination with the vendors and clerks involved, as Microsoft invited several national media outlets to Wisconsin to

observe the test. This resulted in several local and national news stories at the time and continued to produce occasional media inquiries into late May.

Election Security: News media and public inquiries about election cyber security issues were overtaken by pandemic issues, but still continue. The PIO continued working closely on this with the Elections Security Team, county and municipal clerks, staff of the National Association of State Election Directors, voting equipment vendors, in addition to the Administrator and other senior agency staff.

In March, the PIO and other staff began working on adapting the Election Security Public Information Program for the new reality of COVID-19 concerns, specifically focusing on the security of absentee voting.

Public Records: The Commission received and responded to many public records requests during the period of this report, with a significant number related to the April election and absentee voting. Fulfillment of some of these requests has been delayed, unfortunately, but staff continues to work on them. Several organizations made public records requests to all clerks for election data from April 7, and WEC staff has helped coordinate responses to those requests where that information would be available in a statewide report from the WEC.

Commission Meetings: The pandemic also presented several challenges regarding WEC meetings, and staff experimented with several teleconference and videoconference options before settling on Zoom. That platform permits webinars with commissioners and key staff members serving as presenters and members of the public as webinar participants. Allowing greater public participation in WEC meetings is staff’s next goal for the June 10 meeting.

12. Elections HelpDesk/Customer Service Center

The Elections Help Desk staff is supporting more than 2,000 active WisVote users while also answering calls and emails from the public and election officials. Staff is monitoring state enterprise network and data center changes and status, and processing Voter Address Verification postcards. Help Desk staff has been serving on and assisting various project teams. Staff continues to maintain WisVote user and clerk listserv email lists and contact information, administering Elections Commission’s Exchange email system. The staff continues to administer the WisVote Active Directory system and the Elections Learning Center, maintaining system security. Most recently staff has been assisting with Nomination Paper processing.

MEMORANDUM

DATE: For the June 10, 2020 Commission Meeting

TO: Members, Wisconsin Elections Commission

FROM: Meagan Wolfe
Administrator, Wisconsin Elections Commission

SUBJECT: 2020 General Election Ballot Template

The sample ballots that accompany this memorandum represent the proposed ballot formats for the 2020 General Election and are presented to the Wisconsin Elections Commission for approval. Included are templates for optical scan ballots and hand-count paper ballots.

General instructions to voters regarding how to correctly mark each type of ballot and how to obtain assistance remain unchanged. In addition to the typical ballots utilized during General Elections, i.e., those which list all contests and those which list only federal contests, a Presidential Election also requires a Presidential-only ballot for individuals who have moved to or from Wisconsin and have been unable to properly establish residency in either Wisconsin or their new state of residence prior to the election.

Sample ballots will be posted to the agency website upon approval by the Commission.

Recommended Motion:

The Commission approves the sample ballot designs presented by staff and directs staff to utilize the templates for the 2020 General Election.

MEMORANDUM

DATE: For the June 10, 2020 Commission Meeting

TO: Members, Wisconsin Elections Commission

FROM: Meagan Wolfe
Administrator, Wisconsin Elections Commission

Prepared and Presented by:
Diane Lowe, Lead Elections Specialist

SUBJECT: Ballot Access for the 2020 General Election

This memorandum presents a summary of important and noteworthy information regarding candidates requesting ballot access for the 2020 General Election.

Summary

The nomination paper filing deadline for the 2020 General Election for congressional, legislative, state and county partisan offices was 5:00 p.m. on Monday, June 1, 2020. 443 candidates applied to run for 194 state and federal offices. 64 of those candidates ultimately did not submit any nomination papers, five of whom were incumbents who registered for the election, but later filed notifications of noncandidacy.

A total of 379 candidates filed nomination papers with the Wisconsin Elections Commission. The first day to circulate nomination papers was Wednesday, April 15, 2020, and the first set of papers was filed on April 21.

The number of sets of papers received by week is set out below:

Notifications of Noncandidacy

Twenty-two incumbents filed notifications of noncandidacy with the Elections Commission by the Friday, May 22, 2020 deadline. Notifications of Noncandidacy are filed by incumbents who are not seeking re-election to the office they currently hold. If an incumbent officeholder does not timely file a Notification of Noncandidacy and subsequently does not file nomination papers, there is a 72-hour extension of the filing deadline for candidates other than the incumbent. Wis. Stat. § 8.15(1). For the Fall 2020 election, all incumbents either filed nomination papers by June 1 or timely filed a Notification of Noncandidacy. Therefore, no extension of the filing deadline was required for any office. A listing of candidates who filed notifications of noncandidacy is included with this memo.

The Office of Representative in Congress, District 7 became vacant in the fall of 2019. The special election to fill the vacancy was held on May 12, 2020. The office continued to be listed as vacant because the election had not been certified by the nomination paper filing deadline. District Attorney positions in Jefferson and Price Counties became vacant prior to the deadline for filing Notifications of Noncandidacy. No candidate registered or filed nomination papers for Price County District Attorney. The vacancy shall be filled by appointment of the governor for the residue of the unexpired term. Wis. Stat. § 17.19(3s).

Nomination Paper Review

In reviewing the nomination papers, staff examined each candidate's submission to determine that it contained a valid number of signatures for the office.

- Candidates for Representative in Congress must file a minimum of 1,000 valid signatures of qualified electors from the district to qualify for ballot access. Wis. Stat. § 8.15(6)(b).
- Candidates for State Senator must file a minimum of 400 valid signatures of qualified electors from the district to qualify for ballot access. Wis. Stat. § 8.15 (6)(c).
- Candidates for Representative to the Assembly must file a minimum of 200 valid signatures of qualified electors from the district to qualify for ballot access. Wis. Stat. § 8.15(6)(d).
- Candidates for District Attorney must file a minimum of 200 valid signatures of qualified electors of the county for counties below 100,000 in population and 500 valid signatures of qualified electors for counties over 100,000 in population to qualify for ballot access. Wis. Stat. § 8.15 (6)(dm).

In addition to filing sufficient nomination paper signatures, each state candidate is also required to file a Declaration of Candidacy (EL-162) with the WEC and file a Campaign Registration Statement (CF-1), and a Statement of Economic Interests (SEI) with the Ethics Commission in order to qualify for ballot access. Wis. Stat. §§ 11.05(2g), 8.21, 19.43(4). For the 2020 Fall Elections, Statements of Economic Interests were due at the Ethics Commission office by Thursday, June 4, 2020. If a 2020 Statement of Economic Interest (SEI) was already filed with the Ethics Commission for another purpose, that SEI was used to fulfill the filing requirement. Federal candidates are only required to file a Declaration of Candidacy in addition to their nomination papers. Wis. Stat. § 8.21.

Failure to file any required ballot access document prevents the candidate's name from appearing on the ballot. Wis. Stat. § 8.30. Staff used the guidance provided in Wis. Admin. Code EL § 2.05 to review the nomination papers submitted to determine if a given signature was facially valid. Signatures were struck for

a variety of issues including incomplete addresses or dates, illegible printed name or an incomplete certification of the circulator. The nomination paper review guide that staff use for guidance when reviewing petition pages has been provided to you along with the materials prepared for this meeting. Wis. Admin. Code EL § 2.05 does not require the review process to include the identification and elimination of duplicate signatures or signatures from individuals who are ineligible to vote due to age, residency, citizenship, or other disqualifying factors.

It has been the policy of the staff of the Wisconsin Elections Commission to review all nomination papers and determine sufficiency within one business day of submission. Further, for papers received on deadline day, a determination regarding sufficiency was either made before staff retired for the evening or on the morning following the deadline. Each submitted petition is subject to two rounds of review by staff before sufficiency is determined. For this filing period, staff instituted a 24-hour waiting period for submitted petitions prior to review due to COVID-related concerns. All nomination papers were subject to this standard, with the exception of petitions filed on the deadline. Staff were then able to review the majority of all submitted petitions within one business after the 24-hour waiting period.

In total, staff reviewed roughly 171,279 signatures as part of the 379 submitted petitions. By the deadline for filing nomination papers, 207 candidates had also filed additional nomination papers or correcting affidavits to supplement their original filings. Elections Administration staff made use of personnel from other WEC teams to provide the necessary capacity to review the influx of nomination papers and timely determine sufficiency.

Staff implemented significant procedural changes for conducting candidate meetings and facilitating paperwork filings in response to public health concerns. An appointment-based system was used to stagger visits to our office and decrease the likelihood of congestion at the front desk and in meeting space areas for each day of the filing period, except for the June 1 deadline when candidates were processed in order of arrival. Candidates without appointments were also accommodated throughout the filing period and no candidate was turned away for lack of an appointment.

Staff also secured a larger alternate space that was used from May 26 until the deadline. The alternate space allowed for enough room for staff to observe social distancing and safely meet with candidates and review nomination papers. The University of Wisconsin – Madison provided the use of Varsity Hall at Union South, a room which provided staff with over 10,000 square feet of space to accommodate candidate check-ins, candidate meetings and staff review of submitted signatures and other ballot access documents. The existing partitions were used to divide the room into a section for each of those three elements of the process which allowed for the orderly processing of candidates. Information about the change of venue and appointment process was provided to the major political parties, posted to the agency website and distributed via agency news release.

Nomination Paper Copy Requests

In order to facilitate requests for copies of nomination papers and limit the amount of visitors to the WEC offices, staff made candidate petitions available for download via the Badger Voters data request site (<https://badgervoters.wi.gov/>). Requests for copies of petitions had traditionally been fulfilled through in person review and photocopying of files in the WEC offices. After the review process was complete, each petition was scanned and uploaded to the site and available for download at no cost to the requestor. As of June 5, 2020, 307 requests for nomination paper files had been fulfilled through Badger Voters.

Irregularities in Ballot Access Documents Not Affecting Ballot Status

During review of nomination papers and other ballot access documents, WEC staff identified the following irregularities, none of which affected ballot status:

Name of Office Sought

- Staff allowed for irregularities in listing office titles, such as “Assembly,” “State Assembly,” “State Representative,” “Senate,” “Senator,” and “House of Representatives”.

Election Date

- Staff identified candidates who used the primary date of August 11, 2020 or 8/11/20. In all cases, staff determined that the electors understood the nomination papers were for the fall 2020 general election.

Photocopy Errors

- Two candidates submitted nomination papers on which the side or top of the page was partially removed due to photocopying errors. In each case either the top or the side of the form was truncated, partially removing the title “Nomination Paper for Partisan Office” or paring off letters in the certification language on the left side of the paper. Staff believes the forms are still identifiable as nominating petitions and the amount of reduction of the left side is negligible.

Photocopy Signatures

- In two separate petitions, a page of signatures appeared to WEC staff to be photocopies of the original signatures. After a second review, staff could not determine with certainty that the signatures were indeed photocopies and not original signatures.

Change in Circulator by Candidate

- Staff identified two petitions where candidates crossed off the printed name and address for a circulator and provided their own information. Staff determined that the candidate would have had to review the certification of circulator and signed accordingly.

Staff Recommendations for Approval of Ballot Access

A listing of candidates recommended for ballot status is included with this memorandum. Staff requests the Commission affirmatively approve the ballot status of those candidates listed who have met or exceeded the minimum valid signatures and have filed all necessary ballot access documents. Candidates that the staff have determined meet the required ballot access requirements are marked as “approved” on the report.

This listing includes candidates whose nomination papers contain nominal issues such as incorrect, but close, election dates, form template issues, improper but common replacements for office titles, and suspiciously similar handwriting. During its rounds of review, Commission staff determined that these minor issues were not detrimental to the sufficiency of the papers, and that the papers substantially complied with all requirements under the applicable laws and administrative code provisions.

Recommended Motion #1: The 367 candidates representing ballot-status parties marked “approved” on the “Candidates Tracking by Office” report are approved for ballot access for the August 11, 2020 Partisan Primary, in addition to any candidates who were subject to challenge but were ultimately approved for ballot access by the Commission.

Recommended Motion #2: The 14 independent candidates marked “approved” on the “Candidates Tracking by Office” report are approved for ballot access for the November 3, 2020 General Election, in addition to any independent candidates who were subject to challenge but were ultimately approved by the Commission.

Staff Recommendations for Denial of Ballot Access

Staff requests the Commission affirmatively deny the ballot status of those candidates listed who have not met the minimum number of valid signatures, have not filed all necessary ballot access documents or are otherwise do not meet the statutory requirements to be placed on the ballot. Candidates that staff have determined do not meet the required ballot access requirements are marked as “denied” on the report.

Candidates that requested a waiver of the nomination paper requirements

Commission staff received requests from three candidates seeking waivers of the required number of signatures on nomination papers for the November 3, 2020 election.

- a. Ken Driessen (Candidate for Representative to Congress, District 7) – On May 27, 2020, along with filing nomination papers containing 65 valid signatures, Mr. Driessen requested that the Commission place him on the ballot even though he was not able to obtain the required minimum number of signatures. Mr. Driessen cited the COVID-19 virus and the Safer At Home order issued by the Governor as significant impediments to him being able to obtain signatures from his supporters in the 7th Congressional District. Mr. Driessen is currently marked as “denied” on the attached “Candidate Tracking by Office” report.
- b. Michael Opela (Candidate for Representative to Congress, District 7) – Through email correspondence with the Commission staff, Mr. Opela requested a waiver from the nomination paper filing requirements due to the risks associated with circulating nomination papers during the COVID-19 pandemic. Mr. Opela cited reasons that placed him in a higher risk category for contracting the virus, and he believed the Governor’s Safer at Home order was an impediment to obtain signatures in the 7th Congressional District. Mr. Opela did not file any nomination papers with the Commission, and he did not file a Declaration of Candidacy by the statutory deadline. Mr.

Opela is not included on the “Candidate Tracking by Office” report because he failed to file any ballot access documents with the Commission, therefore a separate stand-alone recommended motion is included below addressing his ballot access.

- c. Charles Barman (Candidate for Representative to Congress, District 1) – On June 1, 2020, along with filing nomination papers containing 16 valid signatures, Mr. Barman requested that the Commission place him on the ballot even though he was not able to obtain the required minimum number of signatures. Mr. Barman stated that the Safer At Home Order issued by the Governor did not allow him to collect signatures until the middle of May, when the order was struck down by the Wisconsin Supreme Court. Mr. Barman also did not file a Declaration of Candidacy by the statutory deadline. Mr. Barman is currently marked as “denied” on the attached “Candidate Tracking by Office report.

At the April 10, 2020 Commission meeting, the Commission reaffirmed “that it does not have the statutory authority to change or modify current statutory procedures related to the circulation of nomination papers for the 2020 General Election.” Due to the Commission’s lack of statutory authority to modify procedures related to the circulation of nomination papers, staff recommends denying Mr. Driessen, Mr. Opela, and Mr. Barman’s requests to waive the required number of signatures on nomination papers.

Recommended Motion #3: The 70 candidates representing ballot-status parties and independent candidates marked “denied” on the “Candidates Tracking by Office” report are denied ballot access for the August 11, 2020 Partisan Primary and the November 3, 2020 General Election respectively, in addition to any candidates who were subject to challenge but were ultimately denied ballot access by the Commission.

Recommended Motion #4: Candidate Michael Opela is denied ballot status for failing to submit the minimum number of nomination paper signatures and for failing to file a Declaration of Candidacy form as required by statute.

Challenges to Ballot Status

The deadline for challenges to ballot access was Thursday, June 4, 2020. Seven challenges were filed with the Commission by the deadline of 4:30 p.m. One challenge was received electronically shortly after the 4:30 p.m. deadline. Staff informed the late challenger in writing that this challenge was not filed timely and would not be accepted and processed.

Challenges will be discussed in a separate memorandum and presented by staff counsel.

DATE: For the June 10, 2020 Commission Meeting

TO: Wisconsin Elections Commission

FROM: Meagan Wolfe, Administrator

SUBJECT: Voter Mailing Proposal

Background

The Commission directed staff to prepare a draft voter information mailer to be sent to approximately 2.7 million Wisconsin voters on or before September 1, 2020. The Commission approved sending the mailer to all registered Wisconsin voters (with the exception of those on “Movers” status) who do not already have an application on file. A statewide mailing will ensure that consistent information on all opportunities and methods for voting are sent to every voter in all communities across the state who have not already chosen to vote absentee by mail. Voters would receive a mailing containing three pieces:

- Voter information mailer
- Absentee Application designed specifically for this mailer
- A pre-addressed, business reply return envelope to the WEC (no postage required by voter)

Proposed Design

The proposed design consists of one double-sided, full-color page attached to this memorandum as Exhibit A. The attached page is a design and concept approval for the Commission’s review and feedback. Based on Commission feedback on the elements and content of the mailing, WEC staff will continue to refine the mailing and conduct usability testing. Because of the very quick turnaround, there has not yet been enough time to conduct usability testing on the mailing, but WEC staff recommends that this document go through additional voter usability testing before being sent. Over the years, clerks and voters have reported a great deal of confusion over third-party efforts to provide voter registration and absentee ballot request information. These mailings can often be confusing to voters or are missing important instructions like how to provide photo ID. These usability mistakes can lead to voters thinking they have submitted a valid application when in fact they have not. WEC staff believes it is extremely important to avoid these pitfalls by conducting additional testing on the mailer.

Also included as part of the mailer is an absentee ballot request form that has been customized for this mailing. Unlike the voter registration application, there is no requirement for a prescribed absentee request form in state statutes. The statutes only provide that voter must make the request in writing (requests cannot be made over the phone), the voter must be registered, and the voter must provide a photo ID with the request in most instances. The absentee request form does not require a signature and must contain enough

information for a clerk to find and verify the voter's registration record before issuing the ballot. The WEC does maintain an Absentee Ballot Request form, known as the EL-121. This form includes information and instructions for all types of absentee voting, including in-person, temporarily hospitalized, and special voting deputy voting. The full form would be confusing for a voter making a request by mail. The customized form that is attached was created for this mailing only and unnecessary fields have been eliminated so only information on making the request for a by mail ballot is available. These changes also allow the use of more space to emphasize the need for photo ID. It also allows the mailing to focus specifically on the applicable dates and deadlines associated with the November 2020 election.

WEC staff would like to use the attached drafts as a road map for the mailer. If the Commission agrees on the content elements, then WEC staff can continue to adjust the design and presentation of those elements based on usability feedback. DOA printing and distribution continues to indicate it needs 10 weeks of lead time to ensure all mail pieces can go out at one time and by September 1. Therefore, usability testing and adoption of a final design will need to occur no later than June 19.

Recommended Motion

The Commission adopts the elements of the draft mailer and directs staff to continue usability testing to refine the design to be finalized no later than June 19. Prior to June 19, WEC staff will provide the final mailer to the Commissioners. If a Commissioner requests a meeting to discuss any of the refinements to the mailer, a special meeting will be held no later than June 19.

Permanent overseas voters will receive ballots for federal offices only and must be registered prior to receiving a ballot.
 - A temporary overseas voter is a person who is eligible to vote in Wisconsin and has a present intent to return. They will receive the full ballot and need to be registered to vote prior to receiving a ballot.
